

# UNITED STATES INTERNATIONAL TRADE COMMISSION

Investigation No. 731-TA-749 (Review)

## PERSULFATES FROM CHINA

### DETERMINATION

On the basis of the record<sup>1</sup> developed in the subject five-year review, the United States International Trade Commission determines, pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)), that revocation of the antidumping duty order on persulfates from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

### BACKGROUND

On September 6, 2002, the Commission determined that the domestic interested party group response to its notice of institution (67 FR 38333, June 3, 2002) was adequate and the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting a full review.<sup>2</sup> Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Act.

The Commission transmitted its determination in this review to the Secretary of Commerce on October 31, 2002. The views of the Commission are contained in USITC Publication 3555 (October 2002), entitled *Persulfates From China: Investigation No. 731-TA-749 (Review)*.

By order of the Commission.

Marilyn R. Abbott  
Secretary to the Commission

Issued: October 23, 2002
