**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on April 2, 2010, based on a complaint filed by Freescale. *75 Fed. Reg.* 16837-38. The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain integrated circuits, chipsets, and products containing same including televisions, media players, and cameras by reason of infringement of certain claims of U.S.

Patent Nos. 5,467,455; 5,715,014; and 7,199,306. The Commission's notice of investigation named numerous respondents.

On December 7, 2010, Freescale moved for summary determination that a domestic industry based on licensing activities concerning each of the asserted patents exists in the United States, thus satisfying the domestic industry requirement of 19 U.S.C. § 1337(a)(3)(C). On December 16, 2010, the Commission investigative attorney ("IA") filed a response in support of Freescale's motion. On December 17, 2010, the respondents filed an opposition to Freescale's motion.

On January 5, 2011, the ALJ issued the subject ID, granting Freescale's motion. On January 13, 2011, the respondents filed a petition for review of the subject ID. On January 21, 2011, Freescale filed a response to the petition for review. Also on January 21, 2011, the IA filed a response to the petition for review.

The Commission has determined not to review the subject ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 C.F.R. Part 210).

By order of the Commission.
