Technical comments:⁵

The Commission staff suggests that a hyphen be inserted after the word “methyl” in two places in the chemical name, as shown on page 1 of this report.

⁵ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
