2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):

Imitation jewelry necklaces or bracelets of base metal, whether or not plated with precious metal, valued \$10 each or higher (provided for in 7117.19.90).

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
- Different (see Technical Comments section)

III. Other product information, including uses/applications and source(s) of imports

The subject product is imitation jewelry bracelets and necklaces, more commonly referred to as "fashion" or "costume" jewelry. Such jewelry provides an alternative to more costly precious jewelry made from or incorporating precious metals, pearls, precious stones, semi-precious stones, or a combination thereof. China is the major source for U.S. imports of these products.

IV. Estimated effect on customs revenue

Subject product HTS subheading(s)	7117.19.90				
Item	2013	2014	2015	2016	2017
Col.1-general rate of duty or percentage point reduction (%)	11	11	11	11	11
Estimated value of <i>dutiable</i> imports (\$)	210,000,000	210,000,000	210,000,000	210,000,000	210,000,000

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
- Provided by industry sources
- Industry information
- Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
- This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%) Temporary rate (%) Percentage point reduction (%)

V. Technical comments

The article description as shown above was modified to include appropriate criteria from the permanent tariff provisions that apply to these goods. As of the date of preparing this memorandum, the interested entity has not supplied additional information about the nature of its imports that might permit further narrowing of the proposed heading.
