Note:

1. Access to an electronic copy of this memorandum is available at [http://www.usitc.gov/tariff\\_affairs/congress\\_reports/](http://www.usitc.gov/tariff_affairs/congress_reports/).
2. In regard to the country(ies) of origin listed in section III, this report focuses on dutiable imports and does not take into account any tariff preference programs or special rates of duty.

**II. Suggested article description(s) for enactment (including appropriate HTS subheading(s)):**

Hand tools designed for securing plastic fasteners that affix tags to merchandise (provided for in subheading 8205.59.80)

(If enacted, the tariff relief provided for in this bill would be available to any entity that imports the product that is covered by the bill.)

Description above compared with bill as introduced:

- Same
- Different (see Technical Comments section)

**III. Other product information, including uses/applications and source(s) of imports**

The subject product is a tagging hand tool usually made of polymer resin material and containing metal feed mechanisms. Using a needle delivery system, the product is commonly used to secure plastic clip fasteners into finished articles to attach price or user information tags, or for use during in-line manufacturing applications. Similar fastening tools, cable tie hand tools, also known as cable tie guns, are classified under a different HTS heading and therefore are not included in the scope of this bill. The principal U.S. import source is China.

**IV. Estimated effect on customs revenue**

Subject product HTS subheading(s)	8205.59.80				
Item	2013	2014	2015	2016	2017
Col.1-general rate of duty or percentage point reduction (%)	3.7	3.7	3.7	3.7	3.7
Estimated value of <i>dutiable</i> imports (\$)	12,000,000	12,000,000	12,000,000	12,000,000	12,000,000
Customs revenue loss (\$)	444,000	444,000	444,000	444,000	444,000

Note: Customs revenue loss is provided for 5 years, although the effective period of the proposed legislation may differ. Regarding the HTS subheading listed in the article description of the bill, the Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only U.S. Customs and Border Protection is authorized to issue a binding ruling on this matter. The Commission believes that Customs should be consulted prior to enactment of the bill.

Dutiable imports were based on (more than one may apply):

- Official statistics of the U.S. Department of Commerce
- Provided by industry sources
- Industry information
- Commission estimates

Duty reduction notes:

- This bill is not a duty reduction
- This bill is a temporary duty reduction. Rates are shown below.

Col.1-general duty rate (%)  Temporary rate (%)  Percentage point reduction (%)

**V. Technical comments**

The article description set forth above was modified for greater clarity.

**VI. Continuation**

## VII. Contacts with domestic firms/organizations

	#	Firm/organization and contact name	Telephone number	Claims same or competing product made in the United States	Submission attached	Opposition noted
