

Note

1. This chapter does not cover medicinal cigarettes (chapter 30).

Additional U.S. Notes

1. The term "wrapper tobacco", as used in this chapter, means that quality of leaf tobacco which has the requisite color, texture and burn, and is of sufficient size for cigar wrappers, and the term "filler tobacco" means all other leaf tobacco.
2. The percentage of wrapper tobacco in a bale, box, package or other shipping unit is the ratio of the number of leaves of wrapper tobacco in such unit to the total number of leaves therein. In determining such percentage for classification purposes, the district director of customs shall examine at least 10 hands, and shall count the leaves in at least 2 hands, from each shipping unit designated for examination.
3. The dutiable weight of cigars and cigarettes includes the weight of all materials which are integral parts thereof.
4. Certain samples of tobacco products provided for in this chapter are entitled to duty-free treatment (chapter 98).
