Technical comments:³

³ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.

The Commission suggests that the article description on page 1 of this report be used in the proposed new heading in order to include the proper chemical and common industry names. In addition, the Commission suggests that the phrase “striking subheading 9902.70.03 and” in line 6 of the bill be deleted because that heading does not relate to the subject product.
