

Appendix D. Category III Petitions

As required by Section 3(b)(3)(C)(ii) of the AMCA, the following table provides: "(III) A list of petitions for duty suspensions and reductions for which the Commission recommends modifications to the amount of the duty suspension or reduction that is the subject of the petition to comply with the requirements of this Act, with the modification specified." These petitions are referred to as "Category III Petitions" for the purposes of this preliminary report.

Click on the petition identification number (ID) bookmark listing to link to a detailed summary for a specific petition. If your petition ID does not appear in the first column it may have been consolidated. Please refer to Appendix A to identify the Master petition ID.

Chapter 99 Number: 9902.40.93

CAS Number: 163800-66-6

Article Description: Dodecanedioic acid, polymer with 4,4□-methylenebis(2- methylcyclohexanamine) (CAS No. 163800-66-6) (provided for in subheading 3908.10.00)

Technical Comments: The Commission modified the article description to add the CAS number for the chemical. The Commission modified the article description to add the HTS subheading from elsewhere in the petition. The Commission notes that while petitioner indicated the relief sought is not available to any person importing the article, the language of the article description itself does not limit importation by any person and the Commission's affirmative determination is based upon the language of the article description, as specified in the petition with any necessary technical changes incorporated. The Commission modified the requested duty rate from Free to 0.1%.

Petitioner: Bayer CropScience LP

Petitioner Location: RTP, NC 27709

Product Name: Spirotetramat formulations

HTS Number: 3808.91.25

Chapter 99 Number: N/A

CAS Number: 203313-25-1

Article Description: Product mixtures containing (5s,8s)-3-(2,5-dimethylphenyl)-8-methoxy-2-oxo-1-azaspiro[4.5]dec-3-en-4-yl ethyl carbonate (Spirotetramat) (CAS No. 203313-25-1) (provided for in subheading 3808.91.25)

Technical Comments: The Commission modified the article description to correct the IUPAC structural name for the chemical.
The Commission notes that while petitioner indicated the relief sought is not available to any person importing the article, the language of the article description itself does not limit importation by any person and the Commission's affirmative determination is based upon the language of the article description, as specified in the petition with any necessary technical changes incorporated.
The Commission modified the requested duty rate from 5.2% to 5.3%.
