CORRECTED GENERAL EXCLUSION ORDER

The Commission has determined that there is a violation of Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), in the unlawful importation, sale for importation, or sale within the United States after importation of certain industrial automation systems and components thereof including control systems, controllers, visualization hardware, motion and motor control systems, networking equipment, safety devices, and power supplies that are covered by one or more of U.S. Trademark Registration Nos. 1,172,995; 696,401; 693,780; 1,172,994; 712,800; 712,836; 2,510,226; 2,671,196; 2,701,786; and 2,412,742 (collectively, “Asserted Trademarks”).

Having reviewed the record of this investigation, including the written submissions of the parties, the Commission has made its determination on the issues of remedy, the public interest, and bonding. The Commission has determined pursuant to 19 U.S.C. § 1337(d)(2), that a general exclusion from entry for consumption is necessary (1) to prevent circumvention of an exclusion order limited to products of named persons or entities and (2) because there is a pattern of violation of section 337 and it is difficult to identify the source of infringing products.
Accordingly, the Commission has determined to issue a general exclusion order prohibiting the unlicensed entry of industrial automation systems and components thereof including control systems, controllers, visualization hardware, motion and motor control systems, networking equipment, safety devices, and power supplies that infringe one or more of the Asserted Trademarks.

The Commission has also determined that the public interest factors enumerated in 19 U.S.C. § 1337(d)(1) do not preclude the issuance of the general exclusion order. The Commission has further determined that a bond in the amount of 100% of the entered value of the infringing articles will be required during the period of Presidential review.

Accordingly, the Commission hereby ORDERS that:

1. Industrial automation systems and components thereof including control systems, controllers, visualization hardware, motion and motor control systems, networking equipment, safety devices, and power supplies that infringe one or more of the Asserted Trademarks (“infringing articles”) are excluded from entry for consumption into the United States, entry for consumption from a foreign trade zone, or withdrawal from a warehouse for consumption, except under license of the trademark owner or as provided by law, until such date as the Asserted Trademarks are abandoned, canceled, or rendered invalid or unenforceable.

2. Notwithstanding paragraph 1 of this Order, infringing articles are entitled to entry into the United States for consumption, entry for consumption from a foreign-trade zone, or withdrawal from a warehouse for consumption under bond in the amount of one hundred (100) percent of the entered value of the infringing
products pursuant to subsection (j) of Section 337 (19 U.S.C. § 1337(j)) and the Presidential Memorandum for the United States Trade Representative of July 21, 2005 (70 Fed. Reg. 43251), from the day after this Order is received by the United States Trade Representative until such time as the United States Trade Representative notifies the Commission that this Order is approved or disapproved but, in any event, not later than sixty (60) days after the date of receipt of this Order. All entries of infringing articles made pursuant to this paragraph are to be reported to U.S. Customs and Border Protection (“CBP”) in advance of the date of the entry, pursuant to procedures CBP establishes.

3. At the discretion of CBP and pursuant to procedures that it establishes, persons seeking to import infringing articles that are potentially subject to this Order may be required to certify that they are familiar with the terms of this Order, that they have made appropriate inquiry, and thereupon state that, to the best of their knowledge and belief, the products being imported are not excluded from entry under paragraph 1 of this Order. At its discretion, CBP may require persons who have provided the certification described in this paragraph to furnish such records or analyses as are necessary to substantiate the certification.

4. In accordance with 19 U.S.C. § 1337(l), the provisions of this Order shall not apply to infringing articles imported by and for the use of the United States, or imported for, and to be used for, the United States with the authorization or consent of the Government.

5. Complainant Rockwell Automation, Inc. (“Rockwell”) shall file a written statement with the Commission, made under oath, each year on the anniversary of
the issuance of this Order stating: (i) whether Rockwell continues to use each of the Asserted Trademarks in commerce in the United States in connection with industrial automation systems and components thereof including control systems, controllers, visualization hardware, motion and motor control systems, networking equipment, safety devices, and power supplies; (ii) whether any of the Asserted Trademarks has been abandoned, canceled, or rendered invalid or unenforceable; and (iii) whether Rockwell continues to satisfy the domestic industry requirements of section 337(a)(2) and (3).

6. The Commission may modify this Order in accordance with the procedures described in section 210.76 of the Commission’s Rules of Practice and Procedure (19 C.F.R. § 210.76).

7. The Secretary shall serve copies of this Order upon each party of record in this investigation and upon CBP.

8. Notice of this Order shall be published in the Federal Register.

By order of the Commission.

Inv. No. 337-TA-1074

GENERAL EXCLUSION ORDER

The Commission has determined that there is a violation of Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), in the unlawful importation, sale for importation, or sale within the United States after importation of certain industrial automation systems and components thereof including control systems, controllers, visualization hardware, motion and motor control systems, networking equipment, safety devices, and power supplies that are covered by one or more of U.S. Trademark Registration Nos. 1,172,995; 696,401; 693,780; 1,172,994; 712,800; 712,836; 2,510,226; 2,671,196; 2,701,786; and 2,412,742 (collectively, “Asserted Trademarks”).

Having reviewed the record of this investigation, including the written submissions of the parties, the Commission has made its determination on the issues of remedy, the public interest, and bonding. The Commission has determined pursuant to 19 U.S.C. § 1337(d)(2), that a general exclusion from entry for consumption is necessary (1) to prevent circumvention of an exclusion order limited to products of named persons or entities and (2) because there is a pattern of violation of section 337 and it is difficult to identify the source of infringing products.
Accordingly, the Commission has determined to issue a general exclusion order prohibiting the unlicensed entry of industrial automation systems and components thereof including control systems, controllers, visualization hardware, motion and motor control systems, networking equipment, safety devices, and power supplies that infringe one or more of the Asserted Trademarks.

The Commission has also determined that the public interest factors enumerated in 19 U.S.C. § 1337(d)(1) do not preclude the issuance of the general exclusion order. The Commission has further determined that a bond in the amount of 100% of the entered value of the infringing articles will be required during the period of Presidential review.

Accordingly, the Commission hereby ORDERS that:

1. Industrial automation systems and components thereof including control systems, controllers, visualization hardware, motion and motor control systems, networking equipment, safety devices, and power supplies that infringe one or more of the Asserted Trademarks ("infringing articles") are excluded from entry for consumption into the United States, entry for consumption from a foreign trade zone, or withdrawal from a warehouse for consumption, except under license of the trademark owner or as provided by law, until such date as the Asserted Trademarks are abandoned, canceled, or rendered invalid or unenforceable.

2. Notwithstanding paragraph 1 of this Order, infringing articles are entitled to entry into the United States for consumption, entry for consumption from a foreign-trade zone, or withdrawal from a warehouse for consumption under bond in the amount of one hundred (100) percent of the entered value of the infringing
products pursuant to subsection (j) of Section 337 (19 U.S.C. § 1337(j)) and the Presidential Memorandum for the United States Trade Representative of July 21, 2005 (70 Fed. Reg. 43251), from the day after this Order is received by the United States Trade Representative until such time as the United States Trade Representative notifies the Commission that this Order is approved or disapproved but, in any event, not later than sixty (60) days after the date of receipt of this Order. All entries of infringing articles made pursuant to this paragraph are to be reported to U.S. Customs and Border Protection ("CBP") in advance of the date of the entry, pursuant to procedures CBP establishes.

3. At the discretion of CBP and pursuant to procedures that it establishes, persons seeking to import infringing articles that are potentially subject to this Order may be required to certify that they are familiar with the terms of this Order, that they have made appropriate inquiry, and thereupon state that, to the best of their knowledge and belief, the products being imported are not excluded from entry under paragraph 1 of this Order. At its discretion, CBP may require persons who have provided the certification described in this paragraph to furnish such records or analyses as are necessary to substantiate the certification.

4. In accordance with 19 U.S.C. § 1337(l), the provisions of this Order shall not apply to infringing articles imported by and for the use of the United States, or imported for, and to be used for, the United States with the authorization or consent of the Government.
5. The Commission may modify this Order in accordance with the procedures described in section 210.76 of the Commission’s Rules of Practice and Procedure (19 C.F.R. § 210.76).

6. The Secretary shall serve copies of this Order upon each party of record in this investigation and upon CBP.

7. Notice of this Order shall be published in the Federal Register.

CEASE AND DESIST ORDER  

IT IS HEREBY ORDERED THAT Fractioni (Hongkong) Ltd. of Shanghai, China, cease and desist from conducting any of the following activities in the United States: importing, selling, offering for sale, marketing, advertising, distributing, transferring (except for exportation), and soliciting United States agents or distributors for industrial automation systems and components thereof including control systems, controllers, visualization hardware, motion and motor control systems, networking equipment, safety devices, and power supplies that infringe one or more of U.S. Trademark Registration Nos. 1,172,995; 696,401; 693,780; 1,172,994; 712,800; 712,836; 2,510,226; 2,671,196; 2,701,786; and 2,412,742 (collectively, “the Asserted Trademarks”), in violation of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337.
