Washington, D.C.**

In The Matter of

**CERTAIN UNMANNED AERIAL
VEHICLES AND COMPONENTS
THEREOF**

Investigation No. 337-TA-1133

LIMITED EXCLUSION ORDER

The United States International Trade Commission (“Commission”) has determined that there is a violation of 19 U.S.C. § 1337 of the Tariff Act of 1930, as amended (“Section 337”), in the unlawful importation, sale for importation, or sale within the United States after importation by respondents SZ DJI Technology Co. Ltd. of Shenzhen, China; DJI Europe B.V. of Barendrecht, Netherlands; DJI Technology Inc. of Burbank, California; iFlight Technology Co., Ltd. of Hong Kong; DJI Baiwang Technology Co. Ltd. of Shenzhen, China; DJI Research LLC of Palo Alto, California; DJI Service LLC of Cerritos, California; and DJI Creative Studio LLC of Burbank, California (collectively, “Respondents”) of unmanned aerial vehicles and components thereof that infringe one or more of claims 1 and 2 of U.S. Patent No. 9,260,184 (“the ’184 patent”).

Having reviewed the record in this investigation, including the written submissions of the parties, the Commission has determined that the appropriate form of relief is a limited exclusion order prohibiting the unlicensed entry of covered unmanned aerial vehicles and components thereof manufactured by or on behalf of Respondents or any of their affiliate companies, parents, subsidiaries, licensees, or other related business entities, or its successors or assigns.

The Commission has also determined that the public interest factors enumerated in 19 U.S.C. § 1337(d) do not preclude the issuance of the limited exclusion order, and that the

bond during the period of Presidential review shall be in the amount of 11.5 percent of the entered value of the unmanned aerial vehicles and components thereof subject to this Order.

Accordingly, the Commission hereby **ORDERS** that:

1. Unmanned aerial vehicles and components thereof that are covered by one or more of claims 1-2 of the '184 patent and are manufactured abroad by, or on behalf of, or imported by or on behalf of Respondents or any of their affiliated companies, parents, subsidiaries, agents, or other related business entities, or its successors or assigns, are excluded from entry for consumption into the United States, entry for consumption from a foreign-trade zone, or withdrawal from a warehouse for consumption, for the remaining terms of the patent, except articles under license of the patent owner or as provided by law.

2. Notwithstanding paragraph 1 of this Order, the aforesaid unmanned aerial vehicles and components thereof are entitled to entry into the United States for consumption, entry for consumption from a foreign trade zone, or withdrawal from a warehouse for consumption, under bond in the amount of 11.5 percent of their entered value, pursuant to subsection (j) of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337(j), and the Presidential Memorandum for the United States Trade Representative of July 21, 2005 (*70 Fed. Reg.* 43,251), from the day after this Order is received by the United States Trade Representative, and until such time as the United States Trade Representative notifies the Commission that this action is approved or disapproved but, in any event, not later than sixty (60) days after the receipt of this Order.

3. At the discretion of U.S. Customs and Border Protection (“CBP”) and pursuant to the procedures it establishes, persons seeking to import unmanned aerial vehicles and components thereof that are potentially subject to this Order may be required to certify that they

are familiar with the terms of this Order, that they have made appropriate inquiry, and thereupon state that, to the best of their knowledge and belief, the products being imported are not excluded from entry under paragraph 1 of this Order. At its discretion, CBP may require persons who have provided the certification described in this paragraph to furnish such records or analyses as are necessary to substantiate the certification.

4. In accordance with 19 U.S.C. § 1337(l), the provisions of this Order shall not apply to unmanned aerial vehicles and components thereof that are imported by and for the use of the United States, or imported for and to be used for, the United States with the authorization or consent of the Government.

5. The enforcement of this Order, including the bond provision, is suspended pending final resolution of a Final Written Decision issued by the Patent Trial and Appeal Board of the U.S. Patent and Trademark Office on May 21, 2020, finding certain claims of the '184 patent, including claims 1 and 2, to be unpatentable. *See* 35 U.S.C. § 318(b); *SZ DJI Technology Co. v. Autel Robotics USA, LLC*, IPR2019-00343, Patent 9,260,184, Final Written Decision Determining All Challenged Claims Unpatentable (May 21, 2020).

6. The Commission may modify this Order in accordance with the procedures described in Rule 210.76 of the Commission's Rules of Practice and Procedure, 19 C.F.R. § 210.76.

7. The Secretary shall serve copies of this Order upon each party of record in this Investigation and upon the Department of Health and Human Services, the Department of Justice, the Federal Trade Commission, and U.S. Customs and Border Protection.

8. Notice of this Order shall be published in the *Federal Register*.

This bond is to be released in the event the United States Trade Representative disapproves this Order and no subsequent order is issued by the Commission and approved (or not disapproved) by the United States Trade Representative, upon service on Respondent of an
