Whirlpool

3.5 cu. ft. High-Efficiency Top Load Washer with Clean Washer cycle with affresh® Washer cleaner

Keeping it clean is a task this high-efficiency washer takes seriously. An HE agitator with fabric softener cap provides high-efficiency cleaning and dispensing at just the right time. And with 3.5 cu. ft. capacity, it has enough space to wash nearly two baskets of laundry in one load. This large capacity top load washer takes on dirt with the Deep Water Wash cycle, helping to break down loose soils with more water and thorough cleaning so stains don't stick around. While the Clean Washer cycle with affresh® Washer cleaner deep fills the washer to clean areas that aren't normally reached by low-water wash cycles to help eliminate odor-causing residue in this high-efficiency washer.

Haier

High-Efficiency

High-Efficiency clothes washers use less water and energy than traditional agitator washers. Clothes are effectively and gently cleaned with a sophisticated wash system using concentrated detergent.
