FOREWORD

This publication contains the annual update of statistical tables originally provided in the Commission's report on The Multifiber Arrangement, 1973 to 1980, Volume II, USITC Publication 1131, published in March 1981.

On December 31, 1985, the United States had bilateral agreements with 41 countries to control imports of textiles and apparel. This report provides data on U.S. imports from these countries for the years 1982 through 1985, arrayed by country, in terms of the cotton, wool, and manmade fiber quota categories used in administering the Multifiber Arrangement (MFA).

Detailed information on the history, current status, and administration of the MFA may be found in The Multifiber Arrangement, 1980-84, USITC Publication 1693, May 1985.
