## U.S. INTERNATIONAL TRADE COMMISSION REPORTS TO THE PRESIDENT ON CONSUMPTION OF BROOMS

The United States International Trade Commission today reported to the President on U.S. consumption in 1977 of brooms made of broom corn.

The Commission's report shows that consumption of whiskbrooms of broom corn amounted to 392,538 dozen in 1977. Consumption of other brooms of broom corn amounted to 2,185,356 dozen in 1977.

This is the 11th in a series of annual reports required under Executive Order 11377, which provides that the U.S. International Trade Commission report annually to the President its judgment as to the consumption of brooms of broom corn, together with the basis thereof. The report contains data on production, imports, and exports of such brooms for 1975, 1976 and 1977.

Copies of the Commission's report on brooms containing the information developed under Inv. 332-97, will be available shortly from the Office of the Secretary, United States International Trade Commission, 701 E Street NW., Washington, D.C. 20436.
