FOREWORD

This publication contains the annual update of statistics originally provided in the Commission's report on The Multifiber Arrangement, 1973 to 1980, USITC Publication 1131, published in March 1981.

As of March 3, 1988, the United States had negotiated bilateral agreements with 41 countries to control imports of textiles and apparel (see table 1). In addition, special "quota exemption" agreements were in effect with two U.S. possessions (Guam and the Northern Mariana Islands). Data on U.S. imports of textiles and apparel from these and other selected countries are presented in this report for 1983-87. The data are arrayed by country and shown in terms of the cotton, wool, and manmade-fiber categories used in administering the U.S. trade agreements program under the Multifiber Arrangement (MFA). Data on imports of the newly controlled MFA products (i.e., those of silk blends, ramie, and linen), which were added to the MFA effective August 1, 1986, are provided for August-December 1986 and the full year 1987.

The MFA is an international agreement established under the auspices of the General Agreement on Tariffs and Trade (GATT). It provides the framework for the negotiation of bilateral agreements between importing and exporting countries, or for unilateral action by importing countries in the absence of an agreement, to control textile and apparel trade among its signatories and prevent market disruption. Detailed information on the history and administration of the MFA, in effect since 1974, may be found in The Multifiber Arrangement, 1980-84, USITC Publication 1693, published in May 1985.

On July 31, 1986, negotiators from most major textile-importing and -exporting countries agreed to a Protocol extending the MFA, for a third time, through July 31, 1991. This Protocol of extension expands the fiber coverage of the MFA to include textiles and apparel not only of cotton, wool, and manmade fibers but also of previously uncontrolled silk blends and vegetable fibers. However, it excludes from quotas historically traded textiles such as bags, sacks, luggage, carpetbacking, mats, and carpets of fibers such as jute, coir, sisal, abaca, maguey, and henequen. The Protocol also authorizes extension of unilaterally imposed quotas for a second year, provides for cutbacks in highly under-used quotas and their subsequent reinstatement if needed, and establishes a mechanism for charging illegally transshipped merchandise to quotas of the true country of origin.

HIGHLIGHTS

U.S. imports.--U.S. imports of cotton, wool, and manmade-fiber textiles and apparel continued to increase during 1987, but at a much lower rate than in previous years. After increasing annually by 32 percent in 1984, 7 percent in 1985, and 19 percent in 1986, imports rose by only 2 percent in 1987 to 13.1 billion square yard equivalents (SYE), valued at \$21.9 billion. Imports of silk blend, linen, and ramie textiles in 1987, the first full year that these products were covered by the MFA, accounted for an additional 630,000 SYE, valued at \$1.6 billion.

U.S. imports by sources.--The slowdown in the growth of imports of textiles and apparel of cotton, wool, and manmade fibers in 1987 resulted largely from a decline in the quantity of shipments from each of the six largest suppliers (in terms of value)--Hong Kong, Taiwan, the Republic of Korea (the "Big Three"), China, Italy, and Japan. Imports from the Big Three decreased by 5 percent in quantity to 3.9 billion SYE (\$8.7 billion) and those from China dropped by 3 percent to 1.6 billion SYE (\$1.9 billion). Nevertheless, the Big Three and China remained the largest suppliers, accounting for 43 percent of the quantity and 51 percent of the value of total imports of all MFA-controlled products in 1987. In addition, China supplanted Taiwan as the largest supplier of MFA goods, in terms of quantity, in 1987. However, China's goods were substantially lower in price than the Big Three's, averaging \$1.36 per SYE versus about \$2 for those from Taiwan and Korea and \$2.92 for those from Hong Kong. With respect to the next largest suppliers, imports of cotton, wool, and manmade-fiber goods from Italy declined by 22 percent, leading to a decline in imports of these fibers from the European Community of 11 percent, to 1.4 billion SYE (\$2.6 billion). Imports from Japan decreased by 27 percent to 589 million SYE (\$942 million). In contrast, imports from all other Asian countries (including Oceania) rose by 12 percent to 2.6 billion SYE and those from the Caribbean Basin rose by another 23 percent to 712 million SYE (\$1.1 billion).

U.S. imports by products.--Imports of both yarn and fabric declined slightly in 1987, decreasing by 1 percent to 1.8 billion SYE and by 2 percent to 3.1 billion SYE, respectively. Apparel remained the largest import segment, with imports totaling 6.1 billion SYE, up 4 percent. Imports of other textiles, consisting of home furnishings, such as carpet, bedding, and towels, and other made-up and miscellaneous textiles, increased by 5 percent to 2.1 billion SYE. On a fiber basis, imports of cotton products rose by 13 percent to 5.9 billion SYE (\$9.6 billion), whereas imports of manmade-fiber products, the largest category, decreased by 5 percent to 7.0 billion SYE (\$9.9 billion) and wool products declined by 6 percent to 253 million SYE (\$2.4 billion), respectively.

Quota coverage.--Approximately 59 percent of U.S. imports of cotton, wool, and manmade-fiber textiles and apparel in 1987 were covered by restraints, down from 62-64 percent during 1984-86. Approximately 58 percent of the imports of the newly controlled MFA products (i.e., silk blend, linen, and ramie goods) were covered by restraints in 1987. As of March 3, 1988, the United States had negotiated bilateral import-restraint agreements with 41 countries.

Apparent U.S. consumption.--Apparent U.S. consumption of cotton, wool, and manmade-fiber textiles and apparel increased by 9 percent over that in 1986 to 16.4 billion pounds. Imports' share of the U.S. market, in terms of pounds, reached a new high, estimated at 27.0 percent, up from 25.4 percent in 1986.

COUNTRY TABLE LOCATOR

Sections B-E of this report contain tables showing U.S. general imports of cotton, wool, and manmade-fiber textiles from each of the following countries or country groups, by MFA categories, for 1983-87. Similar tables are also included for silk blend, linen, and ramie textiles for August-December 1988 and calendar year 1987. The tables for cotton textiles are grouped in section B; wool textiles, in section C; manmade-fiber textiles, in section D; and silk blend, linen, and ramie textiles, in section E. The pages in these sections are numbered with the alphabetical designation of the section, as shown below. Thus, tables for cotton textiles (section B) are on pages numbered B-1, B-2, etc.; wool textiles, C-1, C-2, etc.; manmade-fiber textiles, D-1, D-2, etc.; and silk blend, linen, and ramie textiles, E-1, E-2, etc.

See footnotes on the following page.

*Signatory to the MFA Protocol that went into effect on 08/01/86.

**Signatory to the MFA Protocol that expired on 7/31/86, but has not signed the new MFA Protocol, as of 11/10/87.

- 1/ A new agreement has been negotiated with Indonesia to replace the agreement that expires on 06/30/88; however, the new agreement had not been signed as of 03/03/88. The new agreement is scheduled to expire on 06/30/92.
- 2/ The agreement for this period covers cotton textiles.
- 3/ The agreement for this period covers wool and manmade-fiber textiles.
- 4/ A new agreement has been negotiated with Uruguay to replace the agreement that expires on 06/30/88; however, the new agreement had not been signed as of 03/03/88. The new agreement is scheduled to expire on 06/30/91.
- 5/ A new agreement has been negotiated with Egypt to replace the agreement that expired in 1987; however, the agreement had not been signed as of 03/03/88.
- 6/ The agreement with South Africa, scheduled to be in effect for the period 09/01/85 - 08/31/88, was made inoperative by the Anti-Apartheid Act of 1986, which prohibits imports from there of textiles and certain other products.
- 7/ The agreements with these U.S. possessions provide for "quota exemptions" for sweaters classified as products of foreign countries, but assembled in the possessions. For the period 11/01/87 - 10/31/88, quota-free entry will be allowed for 169,754 dozen from Guam and for 100,000 dozen from the Northern Mariana Islands provided that at least 40 percent of the workers involved in the assembly were citizens or nationals of the Marshall Islands, the Federated States of Micronesia, the Republic of Palau, or the United States. The quota for the Northern Marianas may be increased to 120,000 dozen if at least 50 percent of the workers were the described persons or may be decreased to 77,910 dozen if less than 40 percent of the workers were such persons. Imports from Guam and the Northern Marianas in excess of the specified amounts will be charged to quotas established for the country of origin, usually the country where the sweater parts were knitted.

1/ Silk blend, linen, and ramie textiles were not covered by the MFA until August 1986.

2/ Data for 1986 represent imports from August 1986 through December 1986.

Source: Compiled from official statistics of the U.S. Department of Commerce.

Note.--Because of rounding, figures may not add up to totals shown. In the above figures, a period (.) indicates no data available. A zero (0) indicates less than 500 or 500 equivalent square yards.
