SUPPLEMENTARY INFORMATION:

Background: As requested by the Committee, the Commission has instituted an investigation under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)) to produce a report on the global competitiveness of the U.S. rice industry. This report will contain updates to the Commission's 2015 report on the same topic (*Rice: Global Competitiveness of the U.S. Industry*, Pub. 4530) where significant changes have been observed during the 2018 to 2023 period. Specifically, the report will contain:

- information on recent developments in the rice industries in the United States and other major global producing and exporting countries, such as Bangladesh, Brazil, China, India, Indonesia, Pakistan, Paraguay, Thailand, Uruguay, and Vietnam;
- information on recent trade trends and developments in the global market for rice, including U.S. and major foreign supplier imports and exports;
- a comparison of the competitive strengths and weaknesses of rice production in and exports from the United States and other major exporting countries, focusing on factors affecting delivered cost, product differentiation, and reliability of supply, as well as government policies and programs that directly or indirectly affect rice production and exporting in these countries;
- a qualitative and, to the extent possible, quantitative assessment of the impact of government policies and programs, including public stockholding programs and export restrictions, of major producing and exporting countries on U.S. rice production, product revenues and profits, consumption, trade, and prices, as well as on food security in developing countries; and
- an overview of the impact on the U.S. rice industry of exports of rice from the highlighted countries to the United States and to traditional export markets of the United States.

As requested by the Committee, the Commission will deliver the report no later than March 5, 2025. The Committee asked that the Commission not include confidential business or national security classified information in its report. However, as detailed below, participants may submit confidential information to the Commission to inform its understanding of these issues, and such information will be protected in accordance with the Commission's *Rules of Practice and Procedure*. Participants are strongly encouraged to provide any supporting data and information along with their views.

Definitions of types of documents that may be filed; Requirements: In addition to requests to appear at the hearing, this notice provides for the possible filing of four types of documents: prehearing briefs, oral hearing statements, posthearing briefs, and other written submissions.

(1) Prehearing briefs refers to written materials relevant to the investigation and submitted in advance of the hearing, and includes written views on matters that are the subject of the investigation, supporting materials, and any other written materials that you consider will help the Commission in understanding your views. You should file a prehearing brief particularly if you plan to testify at the hearing on behalf of an industry group, company, or other organization, and wish to provide detailed views or information that will support or supplement your testimony.

(2) Oral hearing statements (testimony) refers to the actual oral statement that you intend to present at the hearing. Do not include any confidential business information (CBI) in that statement. If you plan to testify, you must file a copy of your oral statement by the date specified in this notice. This statement will allow Commissioners to understand your position in advance of the hearing and will also assist the court reporter in preparing an accurate transcript of the hearing (e.g., names spelled correctly).

(3) Posthearing briefs refers to submissions filed after the hearing by persons who appeared at the hearing. Such briefs: (a) should be limited to matters that arose during the hearing; (b) should respond to any Commissioner and staff questions addressed to you at the hearing; (c) should clarify, amplify, or correct any statements you made at the hearing; and (d) may, at your option, address or rebut statements made by other participants in the hearing.

(4) Other written submissions refers to any other written submissions that interested persons wish to make, regardless of whether they appeared at the hearing, and may include new information or updates of information previously provided.

In accordance with the provisions of section 201.8 of the Commission's Rules of Practice and Procedure (19 CFR 201.8) the document must identify on its cover (1) the investigation number and title and the type of document filed (i.e., prehearing brief, oral statement of (name), posthearing brief, or written submission), (2) the name and signature of the person filing it, (3) the name of the organization that the submission is filed on behalf of, and (4) whether it contains CBI. If it contains CBI, it must comply with the marking and other requirements set out below in this notice relating to CBI. Submitters of written documents (other than oral hearing statements) are encouraged to include a short summary of their position or interest at the beginning of the document, and a table of contents when the document addresses multiple issues.

Confidential business information: Any submissions that contain CBI must also conform to the requirements of section 201.6 of the Commission's Rules of Practice and Procedure (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the "confidential" or "nonconfidential" version, and that the CBI is clearly identified by means of brackets. All written submissions, except for CBI, will be made available for inspection by interested persons.

As requested by the Committee, the Commission will not include any CBI in its report. However, all information, including CBI, submitted in this investigation may be disclosed to and used by: (i) the Commission, its employees and offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission, including under 5 U.S.C. Appendix 3; or (ii) U.S. government employees and contract personnel for cybersecurity purposes. The Commission will not otherwise disclose any CBI in a way that would reveal the operations of the firm supplying the information.

Summaries of written submissions: Persons wishing to have a summary of their position included in the report should include a summary with their written submission on or before July 12, 2024, and should mark the summary as having been provided for that purpose. The summary should be clearly marked as "summary for inclusion in the report" at the top of the page. The summary may not exceed 500 words and should not include any CBI.

The summary will be published as provided if it meets these requirements and is germane to the subject matter of the investigation. The Commission will list the name of the organization furnishing the summary and will include a link where the written submission can be found.

By order of the Commission.
