On September 29, 2017, the Commission determined to review the ID in part, and issued a notice
requesting briefing from the parties and statements on remedy and the public interest from the parties to the investigation and any other interested parties. The Commission has received the submissions responding to the Commission notice.

On December 12, 2017, the parties jointly requested that the Commission extend the target date until December 19, 2017, and for good cause shown, the Commission has determined to grant the request.
