**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on November 8, 2016, based on a complaint filed by Kemin Industries, Inc. and Kemin Foods, L.C. both of Des Moines, Iowa (collectively, "complainants"). 81 FR 78634-35 (Nov. 8, 2016). The complaint alleges violations of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, by reason of infringement of certain claims of U.S. Patent Nos. 8,815,955 and 9,226,940. The complaint further alleges the existence of a domestic industry. The notice of investigation

named as respondents OmniActive Health Technologies of Mumbai, India and OmniActive Health Technologies, Inc. of Morristown, New Jersey (collectively, “respondents”). *Id.* at 78635. The Office of Unfair Import Investigations was not named as a party.

On December 13, 2016, complainants and respondents filed a joint motion to terminate the investigation based on settlement. The parties represent that the settlement agreement reflects the entire and only agreement between the parties regarding the subject matter of the investigation and that there are no other agreement, written or oral, express or implied between the parties concerning the subject matter of the investigation.

On December 28, 2016, the ALJ granted the joint motion to terminate the investigation based on settlement. The ALJ found that the parties’ submissions, including a modified public version of the settlement agreement submitted on December 22, 2016, satisfy the Commission’s rules. The ALJ found that the termination of this investigation based on settlement does not pose any public interest concerns. The ALJ also found that it is in the interest of the public and administrative economy to grant the motion.

No petitions for review of the subject ID were filed, and the Commission has determined not to review the ID. The investigation is terminated.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).
