**SUPPLEMENTARY INFORMATION:** Section 337 of the Tariff Act of 1930 provides that if the Commission finds a violation it shall exclude the articles concerned from the United States unless, after considering the effect of such exclusion upon the public health and welfare, competition conditions in the United States economy, the production of like or directly competitive articles in the United States consumers, it finds that such articles should not be excluded from entry. 19 U.S.C. § 1337(d)(1). A similar provision applies to cease and desist orders. 19 U.S.C. § 1337(f)(1).

The Commission is soliciting comments on public interest issues raised by the recommended relief. The ALJ recommended, should the Commission find a violation, that the Commission issue a limited exclusion order directed against certain gas spring nailer products and components thereof imported, sold for importation, and/or sold after importation by respondent Hitachi Koki U.S.A., Ltd. ("Hitachi") of Braselton, Georgia, and a cease and desist order directed against Hitachi.

The Commission is interested in further development of the record on the public interest in its investigations. Accordingly, parties are to file public interest submissions pursuant to 19 CFR 210.50(a)(4). In addition, members of the public are invited to file submissions of no more than five (5) pages, inclusive of attachments, concerning the public interest in light of the administrative law judge=s Recommended Determination on Remedy and Bond issued in this investigation on June 7, 2019. Comments should address whether issuance of remedial orders in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

- (i) explain how the articles potentially subject to the recommended orders are used in the United States;
- (ii) identify any public health, safety, or welfare concerns in the United States relating to the recommended orders;
- (iii) indicate the extent to which like or directly competitive articles are produced in the United States or are otherwise available in the United States, with respect to the articles potentially subject to the recommended orders;
- (iv) indicate whether Complainant, Complainant=s licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the recommended orders within a commercially reasonable time; and
- (v) explain how the recommended orders would impact consumers in the United States.

Written submissions must be filed by the close of business on Tuesday, July 2, 2019.

Persons filing written submissions must file the original document electronically on or before the deadline stated above and submit eight true paper copies to the Office of the Secretary pursuant to Commission Rule 210.4(f), CFR part 210.4(f).
