**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on May 1, 2018, based on a complaint, as amended, filed by Bracco Diagnostics Inc. of Monroe Township, New Jersey. *See* 83 FR 19112-13 (May 1, 2018). The complaint, as amended, alleges violation of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain strontium-rubidium radioisotope infusion systems, and components thereof including generators, by reason of infringement of U.S. Patent Nos. 9,814,826; 9,750,869; and 9,750,870. *See id.* The notice of investigation names Jubilant DraxImage Inc. of Kirkland, Québec, Canada; Jubilant Pharma Limited of Singapore; and Jubilant Life Sciences of Noida, Uttar Pradesh, India as respondents in this investigation. *See id.* The Office of Unfair Import Investigations is also a party to this investigation. *See id.*

On July 15, 2019, the ALJ issued the subject ID (Order No. 38) extending the target date to December 2, 2019. The ID explains that “the complexity of the claims and public interest concerns” necessitate the extension of the target date in this investigation. *See* ID at 1. The ID also extends the deadline for issuing the final ID to August 1, 2019. *See id.*

No petition for review of the subject ID was filed. The Commission has determined not to review the ID.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
