**SUPPLEMENTARY INFORMATION:** On June 11, 2018, the Commission instituted the present investigation based on a complaint, as supplemented, filed by The Chamberlain Group, Inc. (“CGI”) of Oak Brook, Illinois. 83 FR 27020-21 (June 11, 2018). The complaint alleges a violation of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“Section 337”), in the importation, sale for importation, or sale in the United States after importation of certain movable barrier operator systems that purportedly infringe one or more of the asserted claims of U.S. Patent Nos. 8,587,404 (“the ’404 patent”); 7,755,223 (“the ’223 patent”); 6,741,052 (“the ’052 patent”). *Id.* The Commission’s notice of investigation named Nortek Security & Control, LLC of Carlsbad, CA; Nortek, Inc. of Providence, RI; and GTO Access Systems, LLC of Tallahassee, FL (collectively, “Nortek”) as respondents. 83 FR at 270721. The Office of Unfair Import Investigations was not named as a party to this investigation. *See id.*

On December 12, 2018, CGI filed a motion for summary determination that it satisfied the economic prong of the domestic industry requirement. On June 6, 2019, the presiding

administrative law judge (“ALJ”) issued a notice advising the parties that the motion would be granted and a formal written order would be issued later. Order No. 26 (June 6, 2019).

The ALJ held an evidentiary hearing on the remaining issues on June 10-14, 2019.

On November 25, 2019, the ALJ issued an initial determination (Order No. 38) granting CGI’s motion for summary determination that CGI satisfied the economic prong of the domestic industry requirement. On the same date, the ALJ issued a final ID finding no violation of Section 337 because the asserted claims of the ’404 and ’223 patents are not infringed, and the asserted claim of the ’052 patent is invalid. ID at 1, 286-87.

On February 19, 2020, the Commission issued a notice of its determination to review Order No. 38 and the final ID in part and asked the parties for further briefing on certain violation issues and remedy, the public interest, and bonding. 85 FR 10723-26 (Feb. 25, 2020). The parties submitted their initial briefs in response to the Commission’s notice on March 4, 2020, and their reply briefs on March 11, 2020.

On April 22, 2020, the Commission issued a notice of its determination to vacate Order No. 38 and remand the economic prong issue to the ALJ for further proceedings. Comm’n Notice (April 22, 2020). In the same notice, the Commission stated that it determined not to review, and thereby adopts, the ID’s findings that there is no violation of Section 337 with respect to the ’404 and ’052 patents, while the ’223 patent remains under review. *Id.*

On July 10, 2020, the ALJ issued the Remand Initial Determination (“Remand ID”), finding that CGI has made significant investments, both quantitatively and qualitatively, in plant and equipment and labor and capital, pursuant to Section 337(a)(3)(A) and (B), respectively. The Remand ID concludes that CGI has satisfied the economic prong of the domestic industry requirement in relation to the ’223 patent.

On July 20, 2020, Nortek filed a petition for review of the Remand ID. CGI filed its opposition to Nortek’s petition for review on July 27, 2020.

On September 15, 2020, the Commission determined to review the Remand ID. 85 FR 57249-251 (Sept. 15, 2020). The Commission directed the parties to address a number of questions regarding the economic prong and invited them to update their previous submissions on remedy, if necessary. *Id.* The parties filed their initial responses to the Commission’s questions on September 23, 2020. The parties filed their replies on September 30, 2020.

The Commission has determined to extend the target date for completion of this investigation to December 3, 2020.

The Commission approved this determination in a vote taken on November 6, 2020.

The authority for the Commission's determination is contained in Section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
