**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 25), granting an unopposed motion for partial termination of the investigation as to certain claims of U.S. Patent No. 9,453,230.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on June 21, 2018, based on a complaint filed on behalf of Glycosyn LLC of Waltham, Massachusetts (“Glycosyn”). 83 Fed. Reg. 28865 (June 21, 2018). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain human milk oligosaccharides by reason of infringement of one or more claims of U.S. Patent Nos. 9,453,230 (“the ’230 patent”) and 9,970,018. The notice of investigation named as a respondent Jennewein Biotechnologie GmbH of Rheinbreitbach, Germany. The Office of Unfair Import Investigations was also named as a party in the investigation.

On January 30, 2019, Glycosyn filed a motion for partial termination of the investigation as to claims 21, 22, 32, and 34-38 of the '230 patent. No party opposed the motion.

On February 8, 2019, the presiding administrative law judge (“ALJ”) issued the subject ID (Order No. 25), granting the motion. The ALJ found that the motion complies with Rule 210.21(a) of the Commission’s Rules of Practice and Procedure, 19 C.F.R. 210.21(a), and that there are no extraordinary circumstances that warrant denying the requested partial termination. No petitions for review of the ID were filed.

The Commission has determined not to review the subject ID.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 C.F.R. Part 210).

By order of the Commission.
