SUPPLEMENTARY INFORMATION: On October 5, 2020, the Commission instituted this investigation based on a complaint filed on behalf of Zircon Corporation of Campbell, California ("Zircon"). 85 FR 62758-59 (Oct. 5, 2020). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain electronic stud finders, metal detectors, and electrical scanners by reason of infringement of one or more claims of U.S. Patent Nos. 6,989,662, 7,148,703, 8,604,771, and 9,475,185. *Id.* at 62759. The Commission's notice of investigation named as respondents Stanley Black & Decker, Inc. of New Britain, Connecticut, and Black & Decker (U.S.), Inc. of Towson, Maryland (together, "Respondents"). *Id.* The Office of Unfair Import Investigations is not participating in this investigation. *Id.*

On October 7, 2021, the administrative law judge (“ALJ”) issued his initial determination (“ID”) on violation, which found no violation of section 337 as to any claim of the remaining asserted patents by Respondents. Also, on October 7, 2021, the ALJ issued his recommended determination on remedy and bonding. The ALJ recommended, upon a finding of violation, that the Commission issue a limited exclusion order and impose a bond in the amount of zero percent of the entered value of any covered products imported during the period of Presidential review.

On December 6, 2021, the Commission determined to review the ID in part. 86 FR 70529 (Dec. 10, 2021). In connection with its review, the Commission requested briefing from the parties on certain issues under review and on remedy, the public interest, and bonding. *Id.* at 70530–32. The Commission set a deadline of December 20, 2021, for the parties’ opening submissions and a deadline of January 3, 2021, for the parties’ reply submissions. *Id.* at 70531–32.

On December 10, 2021, Zircon moved the Commission to extend the briefing schedule for the parties’ submissions. Specifically, Zircon asked the Commission to extend the time for filing opening briefs to December 23, 2021, and the time for filing reply briefs to January 7, 2022. Zircon’s motion indicated that it met and conferred with counsel for Respondents and that Respondents have indicated that they oppose Zircon’s motion. On December 14, 2021, the Commission exercised its authority to designate a shortened response time to Zircon’s motion and order Respondents to file any response by December 15, 2021. On December 15, 2021, Respondents filed a response in opposition to Zircon’s motion.

Upon consideration of the parties’ submissions, the Commission has determined to grant Zircon’s motion for an extension of time to file briefs in response to the Commission’s notice of review. Initial briefs shall be due by December 23, 2021, and reply briefs shall be due by January 7, 2022, consistent with the order issued concurrently herewith.

The Commission vote for this determination took place on December 17, 2021.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR 210).

By order of the Commission.

Lisa R. Barton
Secretary to the Commission
