DETERMINATION TERMINATING THE INVESTIGATION AS TO U.S. PATENT NO.
10,312,335**

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 12) of the presiding chief administrative law judge (“CALJ”) terminating the investigation as to U.S. Patent No. 10,312,335 (“the ’335 patent”).

SUPPLEMENTARY INFORMATION: On July 3, 2023, the Commission instituted this investigation based on a complaint filed by Efficient Power Conversion Corporation of El Segundo, California (“EPC”). 88 FR 42756–77 (Jul. 3, 2023). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 based on the importation into the United States, the sale for importation, or sale within the United States after importation of certain semiconductor devices, and methods of manufacturing same, and products containing the same by reason of the infringement of one or more claims of the ’335 patent and U.S. Patent Nos. 8,350,294; 8,404,508; and 9,748,347. *Id.* The Commission’s notice of investigation named as respondents Innoscience (Zhuhai) Technology, Company, Ltd., of Zhuhai, Guangdong, China; and Innoscience America, Inc. of Santa Clara, California (collectively, “Respondents”).

The Office of Unfair Import Investigations (“OUII”) was also named as a party in this investigation. *Id.*

On February 6, 2024, EPC filed a motion to terminate this investigation in part based on withdrawal of the complaint with respect to all asserted claims of the ’335 patent. Respondents did not oppose the motion, and on February 9, 2024, OUII filed a response supporting the motion.

On February 12, 2024, the CALJ issued Order No. 12, the subject ID, which granted the unopposed motion. The ID found that the motion complied with the Commission’s Rules. The ID further found that there are no extraordinary circumstances that warrant denying the motion. No petitions for review of the ID were filed.

The Commission has determined not to review the subject ID. All of the asserted claims (*i.e.*, claims 1–7) of the ’335 patent are terminated from this investigation.

The Commission vote for this determination took place on March 11, 2024.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.

Lisa R. Barton
Secretary to the Commission
