AN INITIAL DETERMINATION PARTIALLY TERMINATING THIS
INVESTIGATION WITH RESPECT TO CERTAIN PATENT CLAIMS**

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (“the Commission”) has determined not to review an initial determination (“ID”) (Order No. 9) issued by the presiding administrative law judge (“ALJ”) partially terminating the investigation with respect to certain patent claims based on withdrawal of the complaint as to those claims.

SUPPLEMENTARY INFORMATION: On May 27, 2025, the Commission instituted the present investigation based on a complaint, as supplemented, filed by Onesta IP, LLC of Wayne, Pennsylvania (“Onesta”). The complaint alleges that section 337 of Tariff Act of 1930, as amended, 19 U.S.C. 1337, has been violated by the importation into the United States, sale for importation, or sale in the United States after importation of certain integrated circuits, electronic devices containing the same, and components thereof that infringe one or more of the asserted claims of U.S. Patent Nos. 7,717,350 (“the ’350 patent”); 8,854,381; 9,116,809 (“the ’809 patent”); 9,519,943 (“the ’943 patent”); 11,741,019; and 11,841,803. 90 FR 22325-26 (May 27, 2025). The complaint also alleges that a domestic industry exists or is in the process of being established. *Id.* The notice of investigation names the following respondents: NVIDIA Corporation of Santa Clara, California; Qualcomm Incorporated of San Diego, California; OnePlus Technology (Shenzhen) Co., Ltd. of Shenzhen, China; and Nothing Technology Limited of London, United Kingdom. The Office of Unfair Import Investigations is also named

as a party to this investigation.

On August 27, 2025, Onesta filed an unopposed motion to partially terminate the investigation by withdrawing claims 13 and 14 of the '350 patent, claims 10 and 13 of the '943 patent, and claims 15 and 21 of the '809 patent. No responses to the motion were filed.

On September 3, 2025, the presiding ALJ issued the subject ID (Order No. 9) pursuant to Commission Rule 210.21(a)(1), 19 CFR 210.21(a)(1), granting Onesta's motion. The ID finds that there are no agreements, written or oral, express or implied, between Onesta and Respondents concerning the subject matter of the investigation relevant to the adjudication of the motion, that there are no extraordinary circumstances that would prevent terminating of the claims, and that termination of the claims would serve the public interest.

No party filed a petition for review of the subject ID.

The Commission has determined not to review, and thereby adopts, the subject ID. Accordingly, claims 13 and 14 of the '350 patent, claims 10 and 13 of the '943 patent, and claims 15 and 21 of the '809 patent are terminated from this investigation.

The Commission vote for this determination took place on September 22, 2025.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.
