AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the initial determination (“ID”) (Order No. 84) of the presiding administrative law judge (“ALJ”) granting a motion for forfeiture of any bond posted in connection with this investigation, other than the bond posted by respondent Garvin Industries, Inc. (“Garvin”).

SUPPLEMENTARY INFORMATION: The Commission instituted the original investigation in this matter on October 5, 2010, based on a complaint filed by Leviton Manufacturing Co., Inc. (“Leviton”). The complaint alleged a violation of section 337 of the Tariff Act of 1930, as amended, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain ground fault circuit interrupters (“GFCIs”) alleged to infringe several U.S. patents. The complaint named numerous respondents.

On April 27, 2012, the Commission issued a general exclusion order barring entry of GFCIs that infringe certain claims of U.S. Patent No. 7,737,809. The Commission also entered cease and desist orders against several respondents. The Commission set a bond for importation

and sale during the Presidential review period at \$0.25 per unit.

On January 2, 2014, the Commission determined not to review an initial determination returning the bond posted by respondent Garvin.

On January 17, 2014, Leviton filed a renewed motion for forfeiture of any bond posted in connection with this investigation (other than the bond posted by Garvin). The Commission investigative attorney filed a response in support of the motion. No other responses to the motion were received.

On February 24, 2014, the ALJ issued an ID pursuant to Commission Rule 210.50(d)(3), granting Leviton's motion to have any posted bond forfeited. No petitions for review of the ID have been filed.

The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 C.F.R. Part 210).

By order of the Commission.
