NOTICE OF INSTITUTION OF INVESTIGATION

Institution of investigation pursuant to 19 U.S.C. § 1337

AGENCY: U.S. International Trade Commission

ACTION: Notice

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on October 3, 2011, under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, on behalf of Westinghouse Solar, Inc. of Campbell, California and Andalay Solar, Inc. of Campbell, California. Supplements to the complaint were filed on October 18, 2011 and October 19, 2011. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain integrated solar power systems and components thereof by reason of infringement of certain claims of U.S. Patent No. 7,406,800 (“the ‘800 patent’”) and U.S. Patent No. 7,987,641 (“the ‘641 patent’”). The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337.

The complainants request that the Commission institute an investigation and, after the investigation, issue an exclusion order and cease and desist orders.
