The complaint further alleged that an industry in the United States exists as required by subsection (a)(2) of section 337.

On October 2, 2012, the ALJ granted a motion for summary determination that some or all of the asserted claims of the '607, '988, '926, and '698 patents are invalid as indefinite under 35 U.S.C. § 112. Order No. 51. Also on October 2, 2012, the ALJ granted a motion for summary determination that certain respondents do not infringe the asserted claims of the '988, '926, '905, '321, and '520 patents. Order No. 52. During the period when Order Nos. 51 and 52 were on Commission review, and shortly before the hearing was scheduled to occur, the ALJ suspended the procedural schedule in view of the uncertainty regarding which patents and issues remained in dispute in the investigation. Order No. 67 (Feb. 25, 2013). On April 9, 2013, the Commission issued a notice reversing Order Nos. 51 and 52, thereby reintroducing a number of patents and issues into the investigation.

On May 2, 2013, based upon a joint proposed procedural schedule submitted by the parties, the ALJ issued an initial determination extending the target date from November 29, 2013 to July 21, 2014. Order No. 68.

No petitions for review of the ID were filed. The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in section 210.42 of the Commission's Rules of Practice and Procedure (19 C.F.R. § 210.42).
