SUPPLEMENTARY INFORMATION: The Commission instituted this investigation under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, on January 28, 2014, based on a complaint filed by Magna Electronics Inc. of Auburn Hills, Michigan. *See* 79 *Fed. Reg.* 4490-91 (Jan. 28, 2014). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. §1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain vision-based driver assistance system cameras and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 8,116,929 and 8,593,521 (“the ‘521 patent”). Subsequently, the complaint and

notice of investigation were amended by adding U.S. Patent Nos. 8,686,840 and 8,692,659, and by terminating the investigation in part as to all claims of the '521 patent. The complaint further alleges the existence of a domestic industry. The respondent named in the Commission's notice of investigation is TRW Automotive U.S., LLC of Livonia, Michigan ("TRW"). A Commission investigative attorney is participating in the investigation.

On June 13, 2014, TRW filed an unopposed motion to extend the procedural schedule and to extend the target date in this investigation by two months. Additionally, on July 1, 2014, the parties submitted a joint proposed revised procedural schedule.

On July 1, 2014, the ALJ issued the subject ID finding that good cause exists to extend the target date in this investigation by two months. No party petitioned for review of the subject ID. The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 C.F.R. Part 210)

By order of the Commission.
