Institution of investigation pursuant to 19 U.S.C. § 1337

AGENCY: U.S. International Trade Commission

ACTION: Notice

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on November 10, 2015, under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, on behalf of Saxon Glass Technologies, Inc. of Alfred, New York. An amended complaint was filed on December 24, 2015. The amended complaint alleges violations of section 337 based upon the importation into the United States, or in the sale of certain electronic devices containing strengthened glass and packaging thereof, by reason of common law trademark infringement and dilution, the threat or effect of which is to destroy or substantially injure an industry in the United States. The amended complaint further alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain electronic devices containing strengthened glass and packaging thereof by reason of infringement of U.S. Trademark Registration No. 2,639,419 (“the ’419 Mark”). The amended complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a limited exclusion order and a cease and desist order.
