**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on February 3, 2016, based on a complaint filed by Advanced Silicon Technologies LLC of Portsmouth, New Hampshire. 81 *Fed. Reg.* 5782-84. The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, by reason of infringement of certain claims of U.S. Patent No. 6,630,935 and the '428, '439, and '945 patents. The complaint further alleged that a domestic industry exists or is in the process of being established. The Commission's Notice of Investigation named several respondents. The Office of Unfair Import Investigations was also named as a party to the investigation.

On March 22, 2016, complainant moved for partial termination of the investigation based on withdrawal of its allegations of infringement as to the above-identified claims. No party opposed the motion.

On March 22, 2016, the ALJ issued the subject ID (Order No. 16) granting complainant's motion and finding that the motion for partial termination satisfies Commission Rule 210.21(a)(1). No party petitioned for review of the ID.

The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 C.F.R. Part 210).

By order of the Commission.
