**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on February 3, 2016, based on a complaint filed by Advanced Silicon Technologies LLC of Portsmouth, New Hampshire. 81 *FR* 5782-84. The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, by reason of infringement of certain claims of U.S. Patent Nos. 6,339,428; 6,546,439; 6,630,935; and 8,933,945. The complaint further alleges that a domestic industry exists. The Commission's Notice of Investigation named several respondents including BMW, Harman, and Toyota. The Office of Unfair Import Investigations ("OUII") was also named as a party to the investigation.

On July 29, August 1, and August 24, 2016, respectively, complainant and three separate groups of respondents, *i.e.*, BMW, Harman, and Toyota, each filed separate joint motions for termination of the investigation as to BMW, Toyota, and Harman respectively based on withdrawal of the complaint as to these respondents. No opposition was filed with respect to any joint motion and OUII filed a response supporting the motion for termination of the investigation as to Toyota.

On September 14, 2016, the ALJ issued the subject IDs (Order Nos. 53-55) granting the joint motions for termination of the investigation as to BMW, Harman, and Toyota, and finding that the motions satisfy Commission Rule 210.21(a)(1) and that termination of these respondents is in the public interest. No party petitioned for review of the IDs.

The Commission has determined not to review the IDs.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
