AGENCY: U.S. International Trade Commission

ACTION: 30-Day notice of submission of information collection approval from the Office of Management and Budget and request for comments.

SUMMARY: As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, U.S. International Trade Commission has submitted a Generic Information Collection Request (Generic ICR): “Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery” to OMB for approval under the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 et. seq.).

ADDRESSES: Written comments should be directed to the Office of Management and Budget, Office of Information and Regulatory Affairs, Room 10102 (Docket Library), Washington DC 20503, Attention: Docket Librarian. Copies of any comments should be provided to Bob Reiss, Acting Chief Information Officer, U.S. International Trade Commission, 500 E Street, SW., Washington DC 20436, who is the Commission’s designated Senior Official under the Paperwork Reduction Act. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Secretary at 202-205-2000. Hearing impaired individuals are advised that information on this matter can be obtained by contacting our TDD terminal (telephone no. 202-205-1810). Also, general information about the Commission can be obtained from its Internet server (http://www.usitc.gov).

FOR FURTHER INFORMATION CONTACT: To request additional information, please contact Jeremy Wise at 202-205-3190.

SUPPLEMENTARY INFORMATION:
Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery
Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Agency’s commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing and collaborative communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.
Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: the target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Below we provide the U.S. International Trade Commission’s projected average estimates for the next three years: 1

Type of Review: New Collection
Affected Public: Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.
Average Expected Annual Number of activities: 3.
Respondents: 728.
Annual responses: 728.
Frequency of Response: Once per request
Average minutes per response: 30
Burden hours: 387

---

1 The 60-day notice included the following estimate of the aggregate burden hours for this generic clearance federal-wide:
Average Expected Annual Number of activities: 25,000
Average number of Respondents per Activity: 200.
Annual responses: 5,000,000.
Frequency of Response: Once per request.
Average minutes per response: 30.
Burden hours: 2,500,000.
An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

By order of the Commission

Lisa R. Barton
Secretary to the Commission

Issued: July 22, 2014
