

Appendix F. Category V(aa) Petitions | August 10, 2020

# Appendix F. Category V(aa) Petitions

As required by Section 3(b)(3)(E) of the AMCA, the following table provides a list of petitions for duty suspensions and reductions that the Commission has determined do not contain the information required under paragraph (2) and updated as appropriate under subparagraph (D). These petitions are referred to as "Category V(aa) Petitions" for the purposes of this final report.

Click on the petition identification number (ID) bookmark listing to link to a detailed summary for a specific petition. If your petition ID does not appear in the first column it may have been consolidated. Please refer to Appendix A to identify the Master petition ID.

| ID      | Petitioner                            | Product Name                                                                                | Consolidated Petitions |
|---------|---------------------------------------|---------------------------------------------------------------------------------------------|------------------------|
| 1900544 | HSNi, LLC                             | Solar Pathway Lights                                                                        | N/A                    |
| 1901401 | Solvay Specialty Polymers<br>USA, LLC | MDA - 4,4'-methylenedianiline                                                               | N/A                    |

| CAS Number:                 | N/A                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| Article Description:        | Artificial staple fibers of viscose rayon, not water repellent (not hydrophobic), not carded, combed or otherwise processed for spinning, measuring 1.3 decitex but not over 1.5 decitex and having a fiber length each measuring 20mm or more but not over 150mm (provided for in subheading 5504.10.00).                                                                                                                                                     |
| Technical Comments:         | The Commission has determined this petition is not properly filed pursuant to rule 220.7(b). The article description of this petition overlaps the article description of previously filed, and not withdrawn, petition 1901878, which was filed by the same petitioner.                                                                                                                                                                                       |
| Final Report Comments:      | Based on comment(s) received after delivery of the preliminary report and further research and analysis, the Commission changed its determination on domestic producer objection. However, the article description in the petition overlaps the description in another petition filed by the same petitioner. The technical comments have been updated from the preliminary report. The Commission reassigned the petition from category VI to category V(aa). |
