On this date, and pursuant to the Notice of Investigation, 90 Fed. Reg. 26066 (June 18, 2025), I issued the final initial determination in this matter. As explained in that determination, I have determined that a violation of section 337 of the Tariff Act of 1930, as amended, has occurred in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain boiler protection for absorption refrigeration systems and components thereof that infringe certain claims of U.S. Patent No. 8,056,360.
