ANNEX A

**Schedule C - Classification of Country and Territory
Designations for U.S. Foreign Trade Statistics**

Schedule C contains the country and territory designations for use in compiling the U.S. export and import statistics. These designations should be shown in all cases where statistical information is required. The first part of this schedule contains the country designations arranged in numeric order by continent and listed in sequence within each continent generally from north to south and west to east. Abbreviated country designations, which are used in lieu of complete country names in some foreign trade reports, are also shown. The second part contains a listing in alphabetical arrangement of the countries, territories, etc., with their numeric codes. The names of the entities listed are generally the conventional spellings as approved by the U.S. Board on Geographic Names.

Revisions to Schedule C will be announced in the form of "special notices" to data users, as Public Bulletins to Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported from the United States, and as supplements to the Harmonized Tariff Schedule of the United States Annotated for statistical purposes (HTS). HTS also includes a list of International Standard (ISO) Country Codes to be used by importers to report country of origin.

Harmonized Tariff Schedule of the United States (2012) (Rev.1)
Annotated for Statistical Reporting Purposes

ANNEX C

**Schedule D - Classification of U.S. Customs Districts
and Ports for U.S. Foreign Trade Statistics**

Schedule D provides a list of U.S. Customs districts, the ports included under each district, and the corresponding numeric codes used in compiling the U.S. foreign trade statistics. The Schedule contains a code for each official U.S. Customs district and port, with some additional codes provided to meet specific compiling requirements of the foreign trade statistics program. The headquarters port for each district is underlined. Some Customs ports show two codes. Exporters and importers may report either code. The first part of this schedule contains the Customs districts and ports arranged in numeric order by code, while the second part lists the ports in alphabetic order.

Revisions to Schedule D will be announced in the form of "special notices" to data users, as Public Bulletins to Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported from the United States, and as supplements to the Harmonized Tariff Schedule of the United States Annotated for Statistical Purposes.
