SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 24, 2016, based on a complaint filed on behalf of Tesser Technologies, Inc.; Tesser, Inc.; and Invensas Corporation, all of San Jose, California (collectively, "Tessera"). 81 FR 41344 (Jun. 24, 2016). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, by reason of infringement of certain claims of three patents. The notice of investigation named 24 respondents. 81 FR at 41344-45. The Office of Unfair Import Investigations is not participating in the investigation.

On June 30, 2017, the presiding administrative law judge issued the final initial determination ("ID"). On July 17, 2017, Tessera and the respondents each filed a petition for Commission review of the ID, and on July 25, 2017, each responded to the other's petition. On September 29, 2017, the Commission determined to review the ID in part, and issued a notice

requesting briefing from the parties and statements on remedy and the public interest from the parties to the investigation and any other interested parties. The Commission has received the submissions responding to the Commission notice.

On December 12, 2017, the parties jointly requested that the Commission extend the target date until December 19, 2017, and for good cause shown, the Commission has determined to grant the request.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.
