SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on October 25, 2017, based on a complaint filed on behalf of Dexcom, Inc. of San Diego, California ("Dexcom"). 82 *Fed. Reg.* 49420 (Oct. 25, 2017). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. § 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain electrochemical glucose monitoring systems and components thereof by reason of infringement of one or more of claims of U.S. Patent Nos. 9,724,045 ("the '045 patent") and 9,750,460 ("the '460 patent"). The notice of investigation named as a respondent AgaMatrix, Inc. of Salem, New Hampshire ("AgaMatrix"). The Office of Unfair Import Investigations was not named as a party in the investigation.

On April 20, 2018, Dexcom filed a motion for partial termination of the investigation as to claims 1-3, 5-6, 8-9, 11, 14-15, 25-27, 30, 32, 35-36, and 43-44 of the '045 patent and claims 14, 18, and 62 of the '460 patent. AgaMatrix did not oppose the motion.

On April 25, 2018, the presiding administrative law judge (“ALJ”) issued an initial determination (“ID”) (Order No. 22), granting the motion. The ALJ found that the motion complies with Rule 210.21(a) of the Commission’s Rules of Practice and Procedure and that there are no extraordinary circumstances that would prevent the requested partial termination. No petitions for review of the ID were filed.

The Commission has determined not to review the subject ID.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 C.F.R. Part 210).

By order of the Commission.
