**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on July 20, 2018, based on a complaint, as supplemented, filed on behalf of Walbro, LLC of Tucson, Arizona ("Complainant"). 83 FR 34,614 (July 20, 2018). The complaint, as supplemented, alleges violations of Section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337"), based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain carburetors and products containing such carburetors by reason of infringement of one or more of U.S. Patent Nos. 6,394,424; 6,439,547; 6,533,254; 7,070,173; and the '212 patent. The complaint further alleges that an industry in the United States exists as required by section 337. The notice of investigation named numerous

respondents. The Office of Unfair Import Investigations (“OUII”) was named as a party in this investigation.

On July 11, 2019, Complainant and various respondents filed an unopposed motion to terminate the investigation as to the ’212 patent. On July 22, 2019, OUII filed a response supporting the motion.

On August 5, 2019, the ALJ issued the subject ID, granting the motion. The ID explains that the parties certify “there are no agreements, written or oral, express or implied between the Moving Parties concerning the subject matter of this Investigation.” ID at 2. The ID finds that there are no extraordinary circumstances that would prevent the requested partial termination of the investigation. *Id.* No party petitioned for review of the ID.

The Commission has determined not to review the ID. The ’212 patent is terminated from the investigation.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 C.F.R. Part 210).
