INVESTIGATION**

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission (“Commission”) has determined not to review an initial determination (Order No. 36) issued by the presiding administrative law judge (“ALJ”) extending the target date for completion of this investigation to November 18, 2025.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on March 6, 2024, based on a complaint filed by PAX Labs Inc. (“Complainant”). 89 FR 16025-26 (Mar. 6, 2024). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”), in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain oil vaporizing devices, components thereof, and products containing the same by reason of infringement of certain claims of U.S. Patent Nos. 11,369,756; 11,766,527; 11,369,757; and 11,759,580 (together, the “Asserted Patents”). *Id.* The complaint further alleges that a domestic industry exists. *Id.* The Commission’s notice of investigation named as respondents STIIIZY IP LLC f/k/a STIIIZY, LLC; STIIIZY, Inc. d/b/a Shryne Group Inc.; ALD Group Limited; and

ALD Hong Kong Holdings (together, “Respondents”) *Id.* The Office of Unfair Import Investigations is not participating in the investigation. *Id.*

On March 6, 2025, the ALJ issued a final initial determination (“FID”) finding no violation of section 337. The FID finds that: (1) all asserted claims are infringed by at least one representative accused products; (2) none of the asserted claims are invalid under 35 U.S.C. §§ 102, 103, and/or 112, ¶ 1; and (3) Complainant satisfied the technical prong of the domestic industry requirement for all Asserted Patents. The FID also finds, however, that Complainant has not satisfied the economic prong of the domestic industry requirement for any of the Asserted Patents. Complainant and Respondents filed petitions for review of the FID on March 18, 2025, and filed replies to each others’ petitions on March 26, 2025.

On May 16, 2025, the Commission determined to review the FID’s finding that (1) certain accused products do not infringe the ’580 patent; (2) certain redesigned products infringe the ’580 patent; and (3) Complainant has not satisfied its burden as to the economic prong of the domestic industry requirement. Comm’n Notice at 3 (May 16, 2025). The Commission vacated the FID’s finding that Complainant has not satisfied its burden as to the economic prong of the domestic industry requirement and remanded the investigation to the ALJ for issuance of a remand initial determination (“RID”). *Id.*

On June 11, 2025, the ALJ issued Order No. 36, the subject ID, extending the target date to November 18, 2025. The ID explains that the extension is required to “accomplish the necessary procedures on remand,” and states that the deadline for issuing the RID is July 18, 2025. ID at 1. No party has filed a petition for review of the ID.

The Commission has determined not to review the subject ID. The target date for completion of this investigation is extended to November 18, 2025.

The Commission vote for this determination took place on July 7, 2025.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.
