SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on July 19, 2024, based upon a complaint filed on behalf of Milwaukee Electric Tool Corporation of Brookfield, Wisconsin and Keter Home and Garden Products Ltd. of Israel (collectively, “Complainants”). 89 FR 58764-65 (July 19, 2024). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”), based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain storage containers and toolboxes, organizers, component boxes, and coolers by reason of infringement of certain claims of the ’167 patent and U.S. Patent Nos. 11,365,026 (“the ’026 patent”) and 11,794,952 (“the ’952 patent”). The Commission’s notice of investigation named as the respondent Klein Tools, Inc. of Lincolnshire, Illinois (“Klein”). The Office of Unfair Import Investigations is not a party to this investigation.

Over the course of the investigation, Complainants withdrew their allegations as to certain asserted claims. See Order No. 15 (Jan. 24, 2025), *unreviewed by Comm’n Notice* (Feb.

18, 2025); Order No. 19 (Feb. 11, 2025), *unreviewed by* Comm’n Notice (Feb. 24, 2025); Order No. 20 (Feb. 27, 2025), *unreviewed by* Comm’n Notice (Mar. 13, 2025). The asserted claims that remained were claims 4 and 8 of the ’026 patent; claims 3, 4, 8, and 16 of the ’952 patent; and claims 2, 5, 8, 14, and 15 of the ’167 patent. *See* Order No. 20 at 2 n.1.

On August 1, 2025, the Chief Administrative Law Judge (“CALJ”) issued a final initial determination (“FID”), which finds a violation of section 337. Specifically, the FID finds that claims 4 and 8 of the ’026 patent; claims 3, 4, 8, and 16 of the ’952 patent; and claims 2, 5, 8, 14, and 15 of the ’167 patent are infringed and not invalid. The FID also finds that the domestic industry requirement has been satisfied for each of the Asserted Patents pursuant to section 337(a)(3)(A) and (B). The FID declines to make findings as to whether Complainants have satisfied the domestic industry requirement under section 337(a)(3)(C). The FID also includes the CALJ’s Recommended Determination, which recommends that, if the Commission finds a violation of section 337, then the Commission should issue a limited exclusion order, a cease and desist order against Klein, and impose a bond of 63 percent of the entered value of infringing articles imported during the period of Presidential review.

On August 15, 2025, Klein filed a petition for Commission review of the FID as to the economic and technical prongs of the domestic industry requirement, and invalidity based on certain prior art. On August 28, 2025, Complainants filed a response to the petition.

On September 2, 2025, Complainants filed a public interest submission pursuant to Commission Rule 210.50(a)(4)(i), 19 CFR 210.50(a)(4)(i). The Commission did not receive any submissions pursuant to the *Federal Register* notice published after issuance of the RD. *See* 90 FR 38175-76 (Aug. 7, 2025).

On January 21, 2026, the Commission determined to review “the FID’s findings concerning the economic prong of the domestic industry requirement, patent invalidity, and the technical prong of the domestic industry requirement, as well as any underlying claim construction findings.” 91 FR 3220 (Jan. 26, 2026). The Commission determined not to review the remainder of the FID’s findings. The Commission also sought briefing from the parties on certain issues under review and from the parties, interested government agencies, and other interested parties on the issues of remedy, the public interest, and bonding. *Id.*

On February 4, 2026, the Commission received initial submissions from the parties. On February 11, 2026, the Commission received reply submissions from the parties. The Commission received no other submissions.

On September 29, 2029, the Commission determined to find a violation of section 337 with respect to the ’952 and ’026 patents, issued remedial orders, and terminated the investigation as to those patents. 91 FR 62746-48 (Oct. 2, 2026). The Commission issued an opinion in support of its determination. The Commission determined to continue proceedings as to the ’167 patent.

Having examined the record of this investigation, including the FID, petition, response, and other submissions from the parties, the Commission has determined to remand the ’167

patent for further proceedings as to whether Complainants have satisfied the economic prong of the domestic industry requirement under sub-prongs (A), (B), and (C) of section 337(a)(3) (19 U.S.C. § 1337 (a)(3)), as explained in the remand order issued concurrently herewith. The Commission has also determined to extend the target date for completion of the investigation to November 16, 2026.

The Commission vote for this determination took place on October 30, 2026.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
