The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain crafting machines and components thereof by reason of infringement of certain claims of U.S. Patent No. 11,208,758 ("the '758 patent"); U.S. Patent No. 11,905,646 ("the '646 patent"); U.S. Patent No. D893,563 ("the D563 patent"); U.S. Patent No. D910,724 ("the D724 patent"); U.S. Patent No. D926,237 ("the D237 patent"); and U.S. Patent No. D1,029,090 ("the D090 patent"). *Id.* The complaint further alleges that an industry in the United States exists or is in the process of being established as required by the applicable Federal statute. Ltd. of Bozhou, China; Bozhou Zhongdaxiang Technology Co., Ltd. of Bozhou, China; and Shanghai Sishun E-Commerce Co., Ltd. of Shanghai, China (collectively, the "Vevor Respondents"); LiPing Zhan ("Konduone") of Jingzhou, China; Hunan

On April 3, 2025, Respondent HSET was terminated from this investigation, HK Sijiu International Share Co., Ltd. of Hong Kong, China, was added to this investigation as a new respondent, and U.S. Design Patent No. D877,214 (“the D214 patent”) was also added to this investigation. Order No. 10 (Mar. 6, 2025), *unreviewed by* Comm’n Notice (Apr. 3, 2025), 90 FR 15,161-62 (Apr. 8, 2025). The target date was extended to May 13, 2026.

On April 4, 2025, claims 19 and 20 of the ’758 patent were terminated from the investigation based on withdrawal of the complaint. Order No. 11 (Mar. 17, 2025), *unreviewed by* Comm’n Notice (Apr. 4, 2025).

The Vevor Respondents and Konduone were found in default pursuant to 19 CFR 210.16. Order No. 17 (May 7, 2025), *unreviewed by* Comm’n Notice (May 28, 2025). The only participating respondents remaining in the investigation are Respondents HK Sijiu International Share Co., Ltd., Hunan Sijiu Technology, Co. Ltd., and Guangdong Rongtu Technology Co., Ltd. (collectively, “HTVRONT”).

On May 27, 2025, the Commission partially terminated the investigation as to the D090 patent based on a consent order stipulation and issued a consent order against HTVRONT as to that patent. Order No. 16 (Apr. 30, 2025), *unreviewed by* Comm’n Notice (May 27, 2025).

On August 5, 2025, the Commission determined not to review an ID (Order No. 21), extending the target date to August 13, 2026, at the request of the parties. Order No. 21 (July 8, 2025), *unreviewed by* Comm’n Notice (Aug. 5, 2025).

On August 27, 2025, the Chief Administrative Law Judge (“ALJ”) shortened the target date to March 11, 2026, after the parties agreed that the remainder of the investigation could be adjudicated through motion practice. Order No. 22 (Aug. 27, 2025).

On September 4, 2025, Cricut filed a motion for summary determination that Konduone has violated section 337 as to the D563 patent and claims 8-12 of the ’646 patent, and the Vevor Respondents have violated section 337 as to the D090 patent, and for a recommended determination on remedy. That same day, HTVRONT moved for summary determination of non-infringement of its redesigned products and to partially terminate this investigation as to the products HTVRONT was discontinuing—the Square Heat Press, Reduced Square Heat Press, Mini Heat Press, Mini3 Heat Press, and Hat Heat Press (the “Old HTVRONT Products”)—based upon a consent order stipulation and proposed consent order. HTVRONT’s motion to partially terminate the investigation as to the Old HTVRONT Products was granted on January 20, 2026

and the Commission issued a second consent order against HTVRONT. Order No. 27 (Jan. 20, 2026), *unreviewed by Comm'n Notice* (February 17, 2026).

On December 4, 2025, the Commission determined not to review Order No. 24, extending the target date to May 21, 2026, due to a lapse in government appropriations from October 1, 2025 through November 12, 2025. Order No. 24 (Nov. 17, 2025), *unreviewed by Comm'n Notice* (Dec. 4, 2025).

On January 21, 2026, the Chief ALJ issued a combined final initial determination (“ID”) and recommended determination (“RD”), finding a violation of section 337 by Konduone as to the D563 patent and claims 8-12 of the '646 patent and by the Vevor Respondents as to the D090 patent. In the event the Commission agrees that a violation of section 337 has occurred, the RD recommended that the Commission issue a general exclusion order with respect to the D563 patent, a limited exclusion order (“LEO”) against Konduone with respect to the '646 patent, an LEO against the Vevor Respondents with respect to the D090 patent, and cease and desist orders against Konduone and the Vevor Respondents. The RD also recommended that the Commission set the bond during the period of Presidential review at one-hundred percent (100%) of the entered value of the imported articles.

No petitions for review were filed, which means each party has abandoned all issues decided adversely to that party. *See* 19 CFR 210.43(b)(4).

On March 23, 2026, the Commission determined to extend the deadline for determining whether to review the final ID from March 23, 2026 to April 16, 2026.

On April 14, 2026, the Commission determined to review the final ID’s findings on the economic prong of the domestic industry requirement. The Commission determined not to review the remaining findings, conclusions, and supporting analysis in the final ID.

The Commission has determined to extend the target date for completion of the investigation to June 17, 2026.

The Commission vote for this determination took place on May 18, 2026.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.
