SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 7, 2025, based on a complaint filed by Corning Incorporated of Corning, New York (“Corning”). 90 FR 11549-50 (Mar. 7, 2025). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain glass substrates for liquid crystal displays, products containing the same, and methods for manufacturing the same by reason of the infringement of U.S. Patent Nos.

8,640,498; 7,851,394 (“the ’394 patent”); and 8,642,491 (“the ’491 patent”). *Id.* at 11549. The complaint further alleges that a domestic industry exists. *Id.*

The notice of investigation names nine respondents: (1) Caihong Display Devices Co., Ltd., d/b/a Irico Display Devices Co., Ltd. of Xianyang City, Shaanxi Province, China (“Caihong”); (2) Hisense; (3) HKC Corporation Ltd. of Shenzhen City, Guangdong Province, China; (4) HKC Overseas Ltd. of Hong Kong; (5) LG Electronics U.S.A., Inc. of Englewood Cliffs, New Jersey; (6) TCL China Star Optoelectronics Technology Co., Ltd. of Shenzhen City, Guangdong Province, China (“TCL”); (7) TTE Technology, Inc., d/b/a TCL North America of Irvine, California (“TTE”); (8) VIZIO, Inc. of Irvine, California; and (9) Xianyang CaiHong Optoelectronics Technology Co., Ltd. of Xianyang City, Shaanxi Province, China (“Xianyang”). *Id.* The Office of Unfair Import Investigations is not named as a party to this investigation. *Id.*

The Commission has previously terminated several respondents based on settlement agreements. Order No. 24 (July 15, 2025), *unreviewed by* Comm’n Notice (Aug. 6, 2025) (HKC Corporation Ltd. and HKC Overseas Ltd.); Order No. 28 (Sept. 10, 2025), *unreviewed by* Comm’n Notice (Sept. 30, 2025) (VIZIO, Inc.); Order No. 29 (Sept. 30, 2025), *unreviewed by* Comm’n Notice (Dec. 8, 2025) (LG Electronics U.S.A., Inc.).

On December 22, 2025, the Commission terminated the investigation as to the ’394 patent and claim 2 of the ’491 patent. Order No. 35 (Dec. 2, 2025), *unreviewed by* Comm’n Notice (Dec. 22, 2025).

On February 25, 2026, Corning and Hisense filed a joint motion to terminate the investigation as to Hisense based on settlement and to limit service of unredacted version of the settlement agreement to Corning, Hisense, and the Commission. The motion stated that there are no other agreements, written or oral, express or implied, between the private parties concerning the subject matter of the investigation, and that it is in the interest of the public and administrative economy to grant the motion. The motion included as exhibits three different versions of the settlement agreement between Corning and Hisense: (1) a confidential version with no redaction for limited service; (2) a confidential version with minimal redactions for service to the other respondents in the investigation; and (3) a public version of the settlement agreement.

On March 9, 2026, respondents Caihong, TCL, TTE, and Xianyang filed a response to the motion opposing the request for limited service of the unredacted version of the settlement agreement, stating that the moving parties failed to show good cause for limiting service. The response did not oppose terminating the investigation as to Hisense.

On March 24, 2026, the ALJ issued the subject ID (Order No. 57) pursuant to Commission Rule 210.21(b), 19 CFR 210.21(b), granting the joint motion to terminate based on settlement and the request for limited service. The ID finds that the joint motion complies with Commission Rule 210.21(b), and terminating the investigation as to Hisense will not adversely affect the public interest.

The ALJ found that the moving parties showed good cause to limit service, and that it is not uncommon for ALJs to grant such requests.

No petitions for review of the ID were filed.

The Commission has determined not to review the subject ID. The investigation is terminated as to respondent Hisense.

The Commission vote for this determination took place on April 20, 2026.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR Part 210).
