NOTICE OF INSTITUTION OF INVESTIGATION

Institution of investigation pursuant to 19 U.S.C. 1337

AGENCY: U.S. International Trade Commission

ACTION: Notice

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on August 29, 2025, under section 337 of the Tariff Act of 1930, as amended, on behalf of BH Innovations LLC of New York, New York. The complaint was amended on September 19, 2025, to add Longitude Licensing Limited of Ireland, and 138 East LCD Advancements Ltd. of Ireland as complainants. A supplement to the complaint was filed on September 25, 2025. The complaint, as amended and supplemented, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain liquid crystal display devices, components thereof, and products containing the same by reason of the infringement of certain claims of U.S. Patent No. 7,705,948 (“ the ’948 patent”) and U.S. Patent No. 7,570,334 (“the ’334 patent”). The complaint further alleges that an industry in the United States exists as required by the applicable Federal Statute.

The complainants request that the Commission institute an investigation and, after the investigation, issue a limited exclusion order and cease and desist orders.
