DETERMINATION TERMINATING THE INVESTIGATION AS TO CERTAIN
ASSERTED PATENT CLAIMS**

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 22) of the presiding administrative law judge (“ALJ”) terminating the investigation as to certain asserted patent claims based on withdrawal of the complaint as to those claims.

SUPPLEMENTARY INFORMATION: On December 19, 2025, the Commission instituted this investigation under section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337) (“section 337”), based on a complaint filed by JUUL Labs, Inc. and VMR Products LLC of Washington, D.C. (collectively, “JLI”). 90 FR 59577-78 (Dec. 19, 2025). The complaint, as supplemented, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain vaporizer devices, cartridges used therewith, and components thereof by reason of the infringement of certain claims of U.S. Patent Nos. 11,134,722 (“the ’722 patent”) and 11,606,981 (“the ’981 patent”) (collectively, “the asserted patents”). *Id.* The complaint further alleges that a domestic industry exists in the United States. *Id.* The notice of investigation names as respondents Glas, Inc. and Glas, LLC of Los Angeles, California (collectively, “Glas”). *Id.* The Office of Unfair Import Investigations is not participating as a party in this investigation.

Id.

On May 27, 2026, the ALJ issued Order No. 21, granting JLI's unopposed motion for summary determination that JLI has satisfied the economic prong of the domestic industry requirement for the asserted patents under sections 337(a)(3)(A) and 337(a)(3)(B).

On June 1, 2026, JLI filed an unopposed motion for partial termination of the investigation as to claims 2, 4, and 9-14 of the '722 patent and claims 2, 4, and 11-17 of the '981 patent based on withdrawal of the complaint as to those claims.

On June 2, 2026, the ALJ issued the subject ID (Order No. 22) pursuant to Commission Rule 210.21(a), 19 CFR 210.21(a), granting JLI's unopposed motion for partial termination. As the ID notes, JLI identified a stipulation between the parties concerning the subject matter of the investigation, which was filed with the Commission on March 30, 2026 (EDIS Doc. ID 877064). The ID also finds that there are no extraordinary circumstances that would justify denying JLI's motion to terminate the investigation as to the withdrawn claims.

No party filed a petition for review of the subject ID.

The Commission has determined not to review the subject ID. Claims 2, 4, and 9-14 of the '722 patent and claims 2, 4, and 11-17 of the '981 patent are terminated from the investigation.

The Commission vote for this determination took place on June 26, 2026.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.

Lisa R. Barton
Secretary to the Commission
