AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 17) of the presiding administrative law judge (“ALJ”) terminating the investigation as to U.S. Patent No. 10,051,410 (“the ’410 patent”) based on withdrawal of the complaint as to this patent.

SUPPLEMENTARY INFORMATION: On January 12, 2026, the Commission instituted this investigation under section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337) (“section 337”), based on a complaint filed UnaliWear, Inc. of Austin, Texas (“Complainant”). 91 FR 1197-98 (Jan. 12, 2026). The complaint, as supplemented, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain wearable devices with fall detection and components thereof by reason of the infringement of certain claims of the ’410 patent and U.S. Patent No. 10,687,193. *Id.* The complaint further alleges that a domestic industry exists in the United States. *Id.* The notice of investigation names as respondents: Apple, Inc. of Cupertino, California; Samsung Electronics Co., Ltd. of Suwon-si, Republic of Korea; Samsung Electronics American, Inc. of Ridgefield Park, New Jersey; Google LLC of Mountain View, California; Garmin Ltd. of Schaffhausen, Switzerland; Garmin

International, Inc. of Olathe, Kansas; and Garmin USA, Inc. of Olathe, Kansas (collectively, “Respondents”). *Id.* The Office of Unfair Import Investigations is also named as a party in this investigation. *Id.*

On June 15, 2026, Complainant filed an unopposed motion for partial termination of the investigation as to the ’410 patent based on withdrawal of the complaint as to that patent.

On June 24, 2026, the ALJ issued the subject ID (Order No. 17) pursuant to Commission Rule 210.21(a), 19 CFR 210.21(a), granting Complainant’s unopposed motion for partial termination. As the ID notes, Complainant represented that “there are no agreements, written or oral, express or implied, between the parties concerning the subject matter of this investigation.” ID at 1. The ID also finds that there are no extraordinary circumstances that would justify denying Complainant’s motion to terminate the investigation as to the withdrawn claims.

No party filed a petition for review of the subject ID.

The Commission has determined not to review the subject ID. The ’410 patent is terminated from the investigation.

The Commission vote for this determination took place on July 24, 2026.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.
