SUPPLEMENTARY INFORMATION: On January 16, 2026, the Commission instituted this investigation under section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (“section 337”), based on a complaint filed by Samsung Electronics Co., Ltd. of Korea and Samsung Electronics America, Inc. of Englewood, New Jersey (collectively “Samsung”). 91 FR 2153-54 (Jan. 16, 2026). The complaint, as supplemented, alleged violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain wearable devices by reason of the infringement of certain claims of U.S. Patent Nos. 10,642,359 (“the ’359 patent”); 10,945,677 (“the ’677 patent”); 10,231,675 (“the ’675 patent”); and 10,978,789 (“the ’789 patent”). *Id.* The Commission’s notice of investigation named the following entities as respondents: Ouraring, Inc. of San Francisco, CA and Ōura Health Oy of Finland (collectively “Respondents”). *Id.*

On August 27, 2026, the Commission terminated the following patent claims from the investigation: claims 2, 7, 8, 10, 14, 15, and 20 of the '359 patent; claims 4-7, 10-14, and 16-20 of the '677 Patent; claims 14 and 16-20 of the '675 Patent; and claims 8 and 10 of the '789 patent. Order No. 12 (July 29, 2026), *unreviewed by Comm'n Notice* (Aug. 26, 2026).

On July 13, 2026, Samsung filed a motion for summary determination of satisfaction of the technical prong of the domestic industry requirement and that the accused products infringe the asserted claims of the '677 and '675 patents. On July 23, 2026, Respondents filed an opposition to the motion with respect to the alleged infringement but indicated that they do not oppose the motion with respect to satisfaction of the technical prong.

On September 3, 2026, the ALJ issued the subject ID (Order No. 16) pursuant to Commission Rule 210.18(b) (19 CFR 210.18(b)), granting Samsung's motion with respect to satisfaction of the technical prong of the domestic industry requirement. The ID explains that based on the motion, statement of undisputed material facts, and accompanying exhibits, "there is no genuine issue as to any material fact that claim 9 of the '677 patent and claims 13 and 15 of the '675 patent are practiced by the domestic industry products." ID at 2.

No petition for review of the subject ID was filed.

The Commission has determined not to review the subject ID.

The Commission vote for this determination took place on October 2, 2026.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.
