The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based on the importation into the United States, the sale for importation, and the sale within the United States after importation of certain in-vehicle infotainment systems, components thereof, and products containing the same by reason of misappropriation of trade secrets and tortious interference with prospective economic advantage, the threat or effect of which is to destroy or substantially injure an industry in the United States. *Id.* The notice of investigation names as respondents Bayerische Motoren Werke AG of Munich, Germany, and BMW of North America, LLC of Woodcliff Lake, New Jersey

(collectively, “BMW”). *Id.* The Office of Unfair Import Investigations (“OUII”) is also named as a party. *Id.*

On May 26, 2026, BMW filed a motion to terminate or stay the investigation based on a forum selection clause in agreements between the parties. On June 5, 2026, Zync filed an opposition to the motion. On the same day, OUII filed a response supporting the motion to terminate. On June 9, 2026, BMW filed for leave to file a reply in support of its motion, which the ALJ denied.

On July 28, 2026, the ALJ issued the subject ID (Order No. 16) pursuant to Commission Rule 210.21(a)(2), 19 CFR 210.21(a)(2), granting BMW’s motion to terminate the investigation in its entirety based upon the forum selection clause.

On August 3, 2026, Zync filed a petition for review of the subject ID, which includes two exhibits. On August 5, 2026, BMW filed a motion to strike the exhibits and any portions of Zync’s petition that refer to or discuss the exhibits. On August 10, 2026, BMW and OUII filed their responses to Zync’s petition.

The Commission has determined to extend the date for its determination on whether to review the subject ID to September 22, 2026.

The Commission vote for this determination took place on September 17, 2026.
