NOTICE OF A COMMISSION DETERMINATION NOT TO REVIEW AN INITIAL DETERMINATION GRANTING COMPLAINANT'S MOTION FOR PARTIAL TERMINATION

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge's ("ALJ") initial determination ("ID") (Order No. 15) granting Complainant Archer Aviation Inc.'s motion for partial termination of this investigation based on withdrawal of certain claims.

SUPPLEMENTARY INFORMATION: On April 14, 2026, the Commission instituted this investigation based on a complaint filed by Archer Aviation Inc. of San Jose, California. 91 FR 19200 (Apr. 14, 2026). The complaint, as supplemented, alleged violations of section 337 based on the importation into the United States, the sale for importation, or the sale within the United States after importation of certain electric aircraft, power systems for electric aircraft, and components thereof by reason of the infringement of certain claims of U.S. Patent No. 11,945,594; U.S. Patent No. 12,162,614 ("the '614 patent"); U.S. Patent No. 8,469,306; U.S. Patent No. 12,103,404 ("the '404 patent"); and U.S. Patent No. 12,473,087 ("the '087 patent"). The notice of investigation named the following as respondents: Joby Aero, Inc. of Santa Cruz, California; and Joby Aviation, Inc. of Santa Cruz, California. The Office of Unfair Import Investigations is also participating in this investigation.

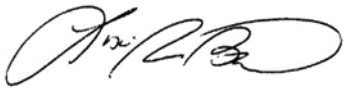

On October 6, 2026, the Commission issued a notice amending the notice of investigation to correct a typographical error with respect to the identification of one of the asserted patents. While the Complaint correctly identified the ’087 patent asserted in this investigation as U.S. Patent No. 12,473,087, the notice of investigation contained a typographical error identifying the ’087 patent as U.S. Patent No. 12,472,087. Order No. 12 (Sept. 8, 2026), *unreviewed by* Comm’n Notice (Oct. 6, 2026).

On October 14, 2026, the ALJ issued the subject ID (Order No. 15) granting Archer Aviation Inc.’s unopposed motion for partial termination based on withdrawal of claims 1–3, 5, 7, and 12–13 of the ’404 patent and claims 14 and 30 of the ’614 patent. The ID finds that there are no extraordinary circumstances that warrant denying Complainant’s motion and that the motion otherwise complies with Commission Rule 210.21(a)(1), 19 C.F.R. § 210.21(a)(1). No petitions for review of the subject ID were filed.

The Commission has determined not to review the subject ID. The Commission vote for this determination took place on November 10, 2026.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.

Lisa R. Barton
Secretary to the Commission
