

Westheimer Airport (formerly University of Oklahoma Westheimer Airpark), Norman, OK, and updating the name of the airport to coincide with the FAA's aeronautical database;

Establishing Class E airspace designated as a surface area within a 4.2-mile radius of University of Oklahoma Westheimer Airport; and

Amending Class E airspace extending upward from 700 feet above the surface at University of Oklahoma, Westheimer Airport, Norman, OK, contained within the Oklahoma City, OK, airspace description, to within a 6.7-mile radius (reduced from 8.9-miles), removing the University of Oklahoma Westheimer Airport ILS Localizer from the airspace description, and realigning the southwest extension to 2-miles (increased from 1.8-miles) either side of the 213° bearing from the airport (previously referenced from the University of Oklahoma Westheimer Airport ILS Localizer) from the 6.7-mile radius to 7.8-miles southwest of the airport.

Class D and E airspace designations are published in paragraph 5000, 6002, and 6005, respectively, of FAA Order 7400.11B, dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will be published subsequently in the Order.

**Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Environmental Review**

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and

Procedures" prior to any FAA final regulatory action.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

Section 335 of the Tariff Act of 1930 (19 U.S.C. 1335) authorizes the Commission to adopt such reasonable procedures, rules, and regulations as it deems necessary to carry out its functions and duties. This rulemaking seeks to amend provisions of the

Commission's existing Rules of Practice and Procedure concerning the Privacy Act. The Commission invites the public to comment on these proposed rules amendments.

Consistent with its ordinary practice, the Commission is issuing these proposed amendments in accordance with the notice-and-comment rulemaking procedure in section 553 of the Administrative Procedure Act (APA) (5 U.S.C. 553). That procedure entails the following steps: (1) Publication of a notice of proposed rulemaking; (2) solicitation of public comments on the proposed amendments; (3) Commission review of public comments on the proposed amendments; and (4) publication of final amendments at least thirty days prior to their effective date.

The Commission proposed to revise 19 CFR 201.32, which governs exemptions to certain Privacy Act requirements. Pursuant to 5 U.S.C. 552a(k), the Commission proposes to delete two exemptions currently set forth in paragraphs 201.32(a) and (b). These two exemptions pertain only to Inspector General Investigative Files (General) and Inspector General Investigative Files (Criminal). These exemptions will be deleted because the Office of Inspector General is removing these two Privacy Act systems of records. The Commission proposes to redesignate paragraph 201.32(c) as 201.32(a) and correct a typographical error in that paragraph. Pursuant to 5 U.S.C. 552a(k)(1) and (k)(2), the Commission proposes to add exemptions for a new Privacy Act system of records, Freedom of Information Act and Privacy Act Records. The Commission proposes to promulgate this new exemption at paragraph (b) to protect from disclosure classified and other sensitive information.

##### **Regulatory Analysis of Proposed Amendments to the Commission's Rules**

The Commission certifies that the proposed amendments to the Commission's rules will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) because it does not create an economic impact and does not affect small entities. The proposed amendments are concerned only with the administration of Privacy Act systems of records within the Commission.

The proposed amendments to the Commission's rules do not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

No actions are necessary under title II of the Unfunded Mandates Reform Act of 1995, Public Law 104-4 (2 U.S.C. 1531-1538) because the proposed amendments to the Commission's rules will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more in any one year, and will not significantly or uniquely affect small governments.

The Commission has determined that the proposed amendments to the Commission's rules do not constitute a "significant regulatory action" under section 3(f) of Executive Order 12866 (58 FR 51735, October 4, 1993).

The proposed amendments to the Commission's rules do not have Federalism implications warranting the preparation of a federalism summary impact statement under Executive Order 13132 (64 FR 43255, August 4, 1999).

The proposed amendments to the Commission's rules are not "major rules" as defined by section 251 of the Small Business Regulatory Enforcement Fairness Act of 1996 (5 U.S.C. 801 *et seq.*).

##### **List of Subjects in 19 CFR Part 201**

Administrative practice and procedure.

For the reasons stated in the preamble, under the authority of 19 U.S.C. 1335, the United States International Trade Commission proposes to amend 19 CFR part 201 as follows:

##### **PART 201—RULES OF GENERAL APPLICATION**

■ 1. The authority citation for part 201 continues to read as follows:

**Authority:** 19 U.S.C. 1335; 19 U.S.C. 2482, unless otherwise noted.

■ 2. In § 201.32, remove paragraphs (a) and (b); redesignate paragraph (c) as paragraph (a); revise the first sentence of redesignated paragraph (a); and add paragraph (b) to read as follows:

##### **§ 201.32 Specific exemptions.**

(a) Pursuant to 5 U.S.C. 552a(k)(1), (5) and (6), records contained in the system entitled "Personnel Security Investigative Files" have been exempted from subsections (c)(3), (d), (e)(1), (e)(4)(G) through (I) and (f) of the Privacy Act. \* \* \*

(b) Pursuant to 5 U.S.C. 552a(k)(1) and (k)(2), records contained in the system entitled "Freedom of Information Act and Privacy Act Records" have been exempted from subsections c(3), (d), (e)(1), (e)(4)(G) through (I) and (f) of the Privacy Act. Pursuant to section 552a(k)(1) of the Privacy Act, the

Commission exempts records that contain properly classified information pertaining to national defense or foreign policy. Application of exemption (k)(1) may be necessary to preclude individuals' access to or amendment of such classified information under the Privacy Act. Pursuant to section 552a(k)(2) of the Privacy Act, and in order to protect the effectiveness of Inspector General investigations by preventing individuals who may be the subject of an investigation from obtaining access to the records and thus obtaining the opportunity to conceal or destroy evidence or to intimidate witnesses, the Commission exempts records insofar as they include investigatory material compiled for law enforcement purposes. However, if any individual is denied any right, privilege, or benefit to which he is otherwise entitled under Federal law due to the maintenance of this material, such material shall be provided to such individual except to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence.

By order of the Commission.

Issued: September 21, 2017.

[EPA-R03-OAR-2013-0408; FRL-9968-19-Region 3]

#### Air Plan Approval; Delaware; State Implementation Plan for Interstate Transport for the 2008 Ozone Standard

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) proposes to approve a portion of the state implementation plan (SIP) revision submitted by the State of Delaware that pertains to the interstate transport requirements of the Clean Air Act (CAA) for the 2008 ozone national ambient air quality standards (NAAQS). In the Final Rules section of this issue of the **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and

anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

**DATES:** Comments must be received in writing by October 27, 2017.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-R03-OAR-2013-0408 at <http://www.regulations.gov>, or via email to [stahl.cynthia@epa.gov](mailto:stahl.cynthia@epa.gov). For comments submitted at [Regulations.gov](http://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [Regulations.gov](http://www.regulations.gov). For either manner of submission, EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be confidential business information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section. **AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** NMFS announces that the Pacific Fishery Management Council (Council) submitted Amendment 21-3 to the Pacific Coast Groundfish Fishery Management Plan (PCGFMP) to the Secretary of Commerce for review. If approved, Amendment 21-3 would modify the PCGFMP to manage darkblotched rockfish and Pacific ocean perch (POP), currently overfished species, as set-asides or "soft-caps" rather than with allocations, or "hard caps" for the Pacific whiting at-sea sectors. This action is intended to avoid the risk of early fishery closures of the at-sea Pacific whiting sectors due to incidental catch of darkblotched rockfish and POP, while keeping the catch of these species within their respective annual catch limits (ACLs). **DATES:** Comments on Amendment 21-3 must be received on or before Sunday, November 27, 2017.
