AGENCY: United States International Trade Commission.

ACTION: Notice

SUMMARY: The Commission hereby gives notice that it will proceed with full reviews pursuant to the Tariff Act of 1930 to determine whether revocation of the antidumping and countervailing duty orders on certain aluminum extrusions other than finished heat sinks from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. A schedule for the reviews will be established and announced at a later date.

EFFECTIVE DATE: July 5, 2016

SUPPLEMENTARY INFORMATION: On July 5, 2016, the Commission determined that it should proceed to full reviews in the subject five-year reviews pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)). The Commission found that the domestic interested party group response to its notice of institution (81 FR 18884, April 1, 2016) was adequate. Although the Commission received two responses to its notice of institution from respondent interested parties, the Commission found that the respondent interested party group response was inadequate. The Commission also found that other circumstances warranted conducting full

reviews.¹ A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's website.

AUTHORITY: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.
